

TANYA BELL

1). Why do you want to be part of the AAC Advisory Board?

I want to continue to serve on the AAC for many reasons, but mainly because I enjoy learning the process of how Mat Su Central functions, how it works with the school board, and how new curriculum choices are made.

2). How are you currently involved with Mat-Su Central: (Homeschool background, classes or workshops taken, why are you part of Mat-Su Central?)

I have been involved with Mat Su Central continuously for the last 4 years (in addition to having a part time student for 2 years prior to that). I love how Mat Su Central has a variety of educational options for every family. In addition, the selection of advisors is fantastic, offering a variety of viewpoints for families. In addition, I have been serving on the AAC board since last year.

3). How will you help make the MSC program better or more relevant?

I am not afraid to ask questions and help find solutions. I am still learning a lot about how the school works, but I find it fascinating and have been enjoying the process.
