

# FOCUS ON SAFETY

## Slips and Falls

Winter Weather is here and so are slippery snow and ice. Unfortunately, we have already had a few incidents with slippery conditions. PLEASE use caution whenever there is wet, snow and or ice present. Sporting goods stores sell traction cleats you can snap on to your shoes/boots for icy conditions.

## New Office Open House

On Thursday December 20<sup>th</sup> we will be showing off our new Downtown Flint Office. From noon to 2pm the office will be on display for Goyette Employees with pizza from Luigi's. Please RSVP to Cherie if

you will be attending so we can plan accordingly. The Downtown office now houses our Construction Management and Estimating Departments.

Our Flint Gorey Ave office is now starting renovations to better run our Service Department, Accounting and HR. Thanks to all for their patience during this expansion and renovation.

## Safety is a Family Affair

One of the main reasons for following the Safety rules and looking out for one another has nothing to do with the people you see at work. It's the people you see when you get home. The safety rules are there to remind and protect you. Please think about your family and the families of the other workers

around you. Everyone deserves to return home each night uninjured. Especially in the Holiday Season, when families gather together, it is important to keep each other safe and sound.

## Safety and Quality

The dramatic shift in Construction Safety over the last 30-40 years has also led to a rise in the expectation of quality workmanship and a respect for the people who perform these tasks. Quality and Safety are easy partners as pre-planning, communication, proper use of proper tools and many other themes are essential to both Quality and Safety. If you do a quality job while endangering yourself or others around you, are you actually doing quality work?

## From Our Family

The Goyette Family would like to wish a Happy Holiday season and a prosperous New Year to all of our Employees, their families and all of our Customers and their families.
