A WORLD LEADER IN FLEET MANAGEMENT

Only Vantage Tag Systems gives you the flexibility to create a custom solution to meet the exact needs of your course, your golfers, and your budget. Vantage Tag Systems offers the most extensive selection of GPS mobile display units available anywhere, allowing you to mix-and-match any combination of handheld and cart-mounted units. And with the ability to upgrade equipment and expand system applications, Vantage Tag Systems gives you plenty of room to grow.

Vantage Tag Systems is the golf industry's only cart-friendly GPS system. Vantage Tag Systems' units can be installed quickly and easily on virtually any manufacturer's cart with our unique cart-mounting design. The result? No more installations, maintenance or inventory problems from units installed in cart roofs—creating maximum flexibility and resale value with your entire cart fleet. Vantage Tag Systems' units are ergonomically mounted at eye level to improve readability, driving safety, and optimal exposure to advertising.

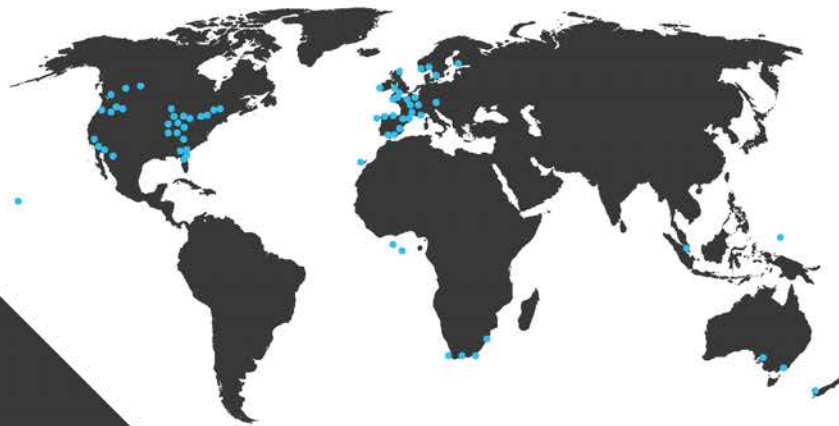

"No question, DSG TAG has made a huge difference at Old Head."

- Danny Brassil, Director of Golf, Old Head Golf Links

"DSG TAG will make a big difference to our revenues this season."

- Paul Taylor, Operations Manager, The Warwickshire G&CC
