

# THE INTERIM EXECUTIVES ROUNDTABLE OF GREATER SEATTLE

Peer Learning and Collegial Networking  
For Nonprofit Interim Executives

A Signature Program and Community Service of  
**Interim Executives Academy**  
In Association with Third Sector Company

The Interim Executives Roundtable of Greater Seattle is an informal peer learning and networking group created to support professionals who practice or desire to practice professional nonprofit interim leadership. It is open to all who have an interest in the practice of building organizational capacity during periods of leadership transition in nonprofits, including social benefit organizations, professional and trade associations and religious congregations.

The Roundtable convenes six times per year (every other month) to engage in lively discussion about topics identified by the participants. Case studies are debated, best practices are shared, and participants create (and renew) professional connections. The Interim Executives Roundtable, offered in several locations in the Western United States, is a community program of Third Sector Company's Interim Executives Academy, one of the nation's most comprehensive training and certificate programs for professional nonprofit executive leadership. The Roundtable is sponsored and there is no cost to the participants.
