

District 65  
*Fired Up & Ready to Go!*

## Vice Presidents - Public Relations Communication Channels to Spark PR

Let's work together to *light a fire* about District 65!

The **District 65 PR Team** is working to promote Toastmasters on all communication channels, from our member newsletter, social media, at community events and in the news. Be sure to share what your club is doing with us via the [Contact Us](#) link on the [website](#) so we can help you *and* you can help the district.

## Are You Connected? Are Your Club Members Connected?

What's going on within the district and how can you promote your club? The District connections are below. Be sure to *follow, like and share* as well as encourage your club members to do the same. Copy and paste this information into the communications you distribute to your members. Also, be sure your **Club website and social media channels** are up-to-date (as we continue to do for the district). Watch for more about D65's Instagram and YouTube channel too!
