ZONING BOARD OF APPEALS

GENERAL INFORMATION:

The Zoning Board of Appeals (ZBA) consists of five residents of the Township who are appointed by the Township Board of Trustees. The ZBA is empowered by the Zoning Ordinance and state statute to grant variances to the requirements of the Zoning Ordinance *upon findings of certain facts and/or conditions that exist*. The ZBA is also empowered to make other decisions assigned to it by the Zoning Ordinance, upon certain findings and subject to specific requirements.

The Zoning Ordinance provides for three areas of Appeal:

1. A use or area (dimensional) variance;
2. An appeal of an Administrative decision; and
3. An interpretation of the Zoning Map or Zoning Ordinance text.

The ZBA cannot change the Zoning Ordinance text or the Zoning Map; this can only be performed by the Board of Trustees.

An area (dimensional) variance is granted upon a showing of “practical difficulty,” generally created by a dimensional requirement in the Zoning Ordinance. The practical difficulty must apply to the property, not to the applicant. If granted, the variance is a license to violate a specific provision of the Zoning Ordinance. Area variances typically involve setbacks, height limitations, square footage requirements, bulk, lot area and other numerical standards in the Zoning Ordinance.

A use variance is granted upon a showing of “unnecessary hardship,” which again must apply to the property and not the applicant. If granted, the variance is a license to use the property in a way not allowed by the Zoning Ordinance.

Section 21.07(d) of the Zoning Ordinance establishes standards which apply to dimensional variances. Section 21.07(e) of the Zoning Ordinance establishes standards which apply to use variances provides. In accordance with both Section 21.07(d) and Section 21.07(e) neither an area variance or a use variance may be granted unless all of the following standards are met:

21.07(d) Standards for Review - Dimension Variance. For a dimension variance, the Board of Appeals must find that all of the following facts and conditions exist.

1. There are exceptional or extraordinary circumstances or conditions applying to the property in question, as to its intended use, that do not apply generally to other properties or classes of uses in the same zone.
2. The variance is necessary for the preservation and enjoyment of a substantial property right similar to that possessed by other properties or classes of uses in the same zone. The possibility of increased financial return shall not of itself be deemed sufficient to warrant the granting of a variance.
3. The variance, if granted, will not be of substantial detriment to adjacent property and will not materially impair the intent and purpose of this Ordinance or the public interest.
4. The condition or situation of the property or its intended use is not of so general or recurrent a nature as to make reasonably practicable a general regulation for the condition or situation.
5. Any exceptional or extraordinary circumstances applying to the property in question are not self-created.

21.07(e) Standards for Review - Use Variance. For a use variance, two-thirds of the members of the Board of Appeals must find that all of the following facts and conditions exist.

1. There are exceptional or extraordinary circumstances or conditions applying to the property in question, as to its intended use, that do not apply generally to other properties or classes of uses in the same zone.
2. The variance is necessary for the preservation and enjoyment of a substantial property right similar to that possessed by other properties or classes of uses in the same zone. The possibility of increased financial return shall not of itself be deemed sufficient to warrant the granting of a variance.
3. The variance, if granted, will not be of substantial detriment to adjacent property and will not materially impair the intent and purpose of this Ordinance or the public interest.

4. The condition or situation of the property or its intended use is not of so general or recurrent a nature as to make reasonably practicable a general regulation for the condition or situation.
5. Any exceptional or extraordinary circumstances applying to the property in question are not self-created.
6. The property in question cannot be reasonably used as zoned and therefore a use variance is necessary.

NOTE: The applicant or a representative is required to be present at the public hearing. The applicant will be notified as to the date and time.
