What is a Transportation Master Plan?

It is the companion document to the City's Official Plan.

**It outlines how people & goods will move in our city –
on foot, by bike, by bus/LRT, by vehicle.**

**It plans how pedestrian, cycling, transit & road networks
will go (and when, and what priority).**

**Find out about the TMP Review process, emerging
trends, vision for the future, how to contribute.**
