The Joy of Math @ SFCC

STEM Santa Fe is pleased to announce that the 2019 Julia Robinson Mathematics Festival (JRMF) will be held on Friday, March 15, 2019 at the Santa Fe Community College. For more than ten years, the JRMF has successfully sparked the imagination of students and teachers alike to the joy and beauty of mathematics. This year, about 250 students and 15 teachers from Santa Fe and Pojoaque (7th and 8th graders) will learn, through puzzles, games, and activities not typically seen in the classroom, of the fun side of math. In addition, there will be a tour of the sustainable technologies on the Santa Fe Community College campus, as well as several short workshops at Science on Sphere (SOS) and the planetarium. Registration is now closed. The festival is free to all pre-registered participants. Lunch will be provided. More information and last year's report are available at www.stemsantafe.org.

What?

Julia Robinson Mathematics Festival

Where?

Jemez Rooms
Santa Fe Community College
6401 Richards Ave., Santa Fe, NM 87508

When?

Friday, March 15, 9:00 am to 12:30 pm
Lunch served from 12:30 pm to 1:30 pm

Who?

About 250 students and 15 teachers from Santa Fe and Pojoaque, plus about 45 volunteers from the local STEM community

"This festival is often a unique experience for students. As they explore the activities, many of them suddenly realize that they are solving math problems, and that it's fun and creative," said Lina Germann, founder and Chief Executive Officer of STEM Santa Fe.

STEM Santa Fe was the first organization to bring the Julia Robinson Mathematics Festival to New Mexico and is now spearheading it for the third year in a row. They gratefully acknowledge the following conference sponsors: Julia Robinson Mathematics Festival, Deloitte, Los Alamos National Laboratory, LANL Foundation, Del Norte Credit Union, Santa Fe Community College, Souder Miller & Associates, Santa Fe Community Foundation, AAUW of Santa Fe, Prescient Models, New Mexico Council of Teachers of Mathematics, CHRISTUS St. Vincent, Descartes Labs, Thornburg Investment Management, and Nusenda Credit Union.

STEM Santa Fe advocates for, develops, and provides Science, Technology, Engineering and Mathematics (STEM) programming, mentoring, and resources for all youth, to realize their potential and expand their opportunities in a dynamic world.
