Dear APA Parents/Guardians,

I want to thank you for choosing APA for your cadet this year. It has been a remarkable year full of learning, excitement, growth, and community. We have come a long way in just 180 days, and we are well on our way to fulfilling APA's mission of cultivating scholars, empowering leaders, and instilling core values.

As summer break begins, I hope you all have relaxing and memorable few months. We will be working diligently over the summer to better serve your cadets when they return in August. It has been an honor serving as your principal over the last year, and I have thoroughly enjoyed building relationships with you and your cadets, the staff and faculty of APA, and the Anderson community.

APA cannot wait to welcome you back to school this fall!

Jet Pride, Cadet Pride, Hooah!
