Addendum No. 2

RFQ No. 19-16
Stormwater Professional and Technical Services

June 27, 2019

RFQ #19-16 is hereby amended as follows:

1. Below are questions received and corresponding answers:

   A. **Question**: In List A: General Services “Construction management, inspection, and quality assurance” by construction management do you mean construction contract compliance?

      **Answer**: Construction management includes, but is not limited to, construction contract compliance.

   B. **Question**: Paragraph 1 of the Evaluation Criteria Notes indicates that “the respondent must clearly indicate whether they wish to be classified as a prequalified consultant for List A only, for List B only, for both List A and List B, or for List C only.” Can we prequalify for List A and List C? At this time we do not wish to prequalify for List B, but we do want to prequalify for both List A and List C

      **Answer**: A respondent may become a prequalified consultant for a single list, all lists, or any combination thereof. However, the respondent must clearly indicate which lists they wish to be prequalified for. To be prequalified for List C, the respondent must specify what services it hopes to provide as a prequalified consultant, as the County will not utilize them for services outside their expertise.

   C. **Question**: Would the County please provide a sample contract for review?

      **Answer**: No. As stated in the RFQ, the County has not yet specified which projects will be done, nor has it determined what services are necessary for each project. The County feels that providing an example contract or an example project at this time would be potentially counterproductive, as it may skew the responses toward a particular type of work. Contract language and structure may also vary greatly, depending upon the services provided. The respondent is encouraged to examine the General Notes for an indication of how the County will interact with its prequalified consultants, and to refer to the List of Potential Services for a description of the various types of projects that may be encountered.
D. **Question:** For clarification, in the RFQ it states that: “The respondent must clearly indicate whether they wish to be classified as a prequalified consultant for List A only, for List B only, for both List A and List B, or for List C only.” Can a consultant submit pre-qualifications for ALL List's? - List A, List B, and List C.

**Answer:** A respondent may become a prequalified consultant for a single list, all lists, or any combination thereof. However, the respondent must clearly indicate which lists they wish to be prequalified for. To be prequalified for List C, the respondent must specify what services it hopes to provide as a prequalified consultant, as the County will not utilize them for services outside their expertise.

2. All other conditions remain in full force and effect.

3. If a proposal has been submitted and anything in this Addendum causes the bidder to change the item offered or to increase or decrease the proposal price, the new price and/or changes will be inserted below:
