

What You Need to Know About the Census

Every 10 years, people across the country and in Placer County fill out the Census in order to have an accurate count of all people in the United States. The Census determines Placer County's federal funding for important community services that help support our families and fair share of representation in California and Washington D.C.

The next Census is in Spring 2020. Let's ensure all people in Placer County are counted so we can put those resources to good use here at home!

Census Key Dates

Starting in mid-March 2020, each household will get a letter in the mail. It will explain the different ways you can fill out the Census. If you don't receive a letter, you can still go online or call to fill it out. Be sure you include any person living in your household, family or not.

Why All Californians Should Take the Census

The Census is safe, protected and confidential. The Census helps determine how much money Placer County receives for important programs and services. When you fill out the Census, you help your community get its fair share of money.
