## Hands-on Workshop Topics

### **HOW TO CREATE A SOUL-IGNITING VISION FOR YOUR DREAM LIFE AND BUSINESS WITH JOY AND EASE**

What would it be like to have crystal clarity on the vision you are creating for the next 3 years of business + life AND know that you were in total alignment to step into it with joy and ease?

So often we stop short of creating the life and business we truly desire because we are creating for the now versus BUILDING our legacy.

In this workshop you will create a business vision that is totally aligned with your values, priorities and how you truly want to FEEL—while having unshakable faith in your ability to create whatever you desire. Priscilla will challenge you to dream big and to say yes to having everything you've been asking for.

**Note:** The time needed for this workshop is a minimum of two hours and can be hosted either in-person or virtually. A minimum number of 6 paid participants is required.

### **MARKETING MADE EASY: SIMPLE STRATEGIES TO AUTHENTICALLY MARKET YOUR BUSINESS WITH EASE**

What if the secret to growing your business was asking better questions and uncovering YOUR WAY of marketing that's fun, effective and that easily allows you to consistently magnetize your ideal clients?

If your marketing efforts have felt like a chore, created inconsistent results and left you feeling overwhelmed and frustrated and wondering what to do and when, this workshop is for you. Marketing becomes a lot easier when you stop trying to follow other people's formulas and you share value in a way that's authentic for you.

In this workshop you will leave with simple and effective marketing ideas that are in alignment with your income goals, that are joyful and that will magnetize your ideal clients. You will wake up each morning clear, confident and focused (good-bye guesswork).

You will learn the power of asking expansive questions that will deepen your self-trust in business and allow you to create more with less effort.
