 - Stored & dispensed in the convenience of a Pouch or Bag-in-Box
 - Similar to Wine-in-a-Box. Juice does not oxidize once opened.
 - **Stays Fresh – Unrefrigerated!**
 - Unopened - will keep fresh for over a year.
 - Once opened, will keep for at least two months on the counter.
 - Note: No need to refrigerate due to the bag collapsing on itself and not allowing in any air. Of course, you can keep it in the refrigerator if you want the juice cold. Box lies nicely on its side to conserve space.
