

# NAMPA HIGHWAY DISTRICT NO. 1

Commissioners: Dick Smith, Randy Noble, Bryce D. Millar

---

January 14, 2019

Subject: **Robinson Rd. & Amity Ave. Roundabout Project**

Dear Property Owner:

The Nampa Highway District is planning to build a roundabout at the intersection of Robinson Rd. and Amity Ave. Construction is scheduled to start the first week of February 2019, and last approximately four months.

The intersection will be closed during most of this time, with traffic detoured around. All properties will still be accessible, but with the intersection closed, you may have to approach your property from the opposite direction.

This project is being built to reduce the relatively high crash rate at this intersection, as well as relieve the congestion that frequently occurs there. The intersection is currently an all-way-stop. Further information and a graphic showing the design of the roundabout can be found at our web site at [www.nampahighway1.com](http://www.nampahighway1.com). Click on "Projects" at the top of page, then "Intersection Projects", then "Robinson & Amity Roundabout".

We will do what we reasonably can to minimize your inconvenience. If you have any questions or suggestions, please feel free to contact me at (208) 467-6576 or [eric@nampahighway1.com](mailto:eric@nampahighway1.com).

Sincerely,

ERIC R. SHANNON, P.E.

District Engineer
