New Release - ***10 Days***, August 30, 2019 by LBD Media Co.

Blurb: Vacation romances weren't supposed to last. That's why they were a thing.

Maid of Honor Reagan Newhart finds herself stranded in beautiful Charleston, SC, while the wedding party is delayed. On the suggestion of the bride, she opens herself to having a fling while she waits.

Russell Gannon is in Charleston on business and pleasure when he sees a stunning young woman who wants his attention. Against his better judgement, he starts an affair that lasts until her friends arrive--and they discover they're in town for the same wedding, that of his estranged daughter.

As the star-crossed lovers dive for cover, a vicious ex-wife, an entitled bride and plenty of self-doubt threaten to derail what both believe could be true love and overcoming the odds means committing to something that was supposed to be fleeting.

*Second in a series of standalone novels and novellas.*
