Notes:

1. FIRST data represents all youth registered in STIMS (Youth Team Member Registration System) .
2. Some youth participate on more than one team for one or more programs. The number of youth in STIMS would count the youth for each team they participated on.
3. Data represents those who provided responses to the questions on gender, race/ethnicity and free and reduced lunch. Those who selected unsure and prefer not to provide were not included in the calculations/percentages.
4. Questions: please contact Brenda Swanson, Data Analyst at bswanson@firstinspires.org
