

New Hampshire Mediation Training Survey

This survey is being conducted in connection with two mediation trainings. One training will be held on November 2, 2017 by the US District Court for the District of New Hampshire, the New Hampshire Judicial Branch Office of Mediation and Arbitration, and the University of New Hampshire School of Law. The other training will be held on November 3, 2017 by the New Hampshire Judicial Branch Office of Mediation and Arbitration. This survey is conducted for the New Hampshire Mediation Training research study. The purpose of the study is to learn about about practitioners' experience and views about mediation. Some or all of the results will be used to help design the trainings and will be presented during the trainings. In addition, the results will be provided to attendees following the training and will be included in research publications and presentations about these issues.

If you are participating in both the federal and state court trainings, please complete the survey **only once**.

It should take you 5-10 minutes to complete the survey. The survey is anonymous and you will not be identified in dissemination of the results.

There will be no risk to you for participating in this research. You would get the benefit of learning about the experience and views of other New Hampshire practitioners.

Your participation is voluntary and you can decline to answer any or all questions. If you refuse to participate or withdraw, there will be no penalty or loss of benefits to which you are otherwise entitled.

If you have any questions about this project, you can contact John Lande at 573-234-1745 or landej@missouri.edu. If you have any questions about your rights as a research subject, you can call the University of Missouri Campus Institutional Review Board at 573-882-9585.
