ANYWAY YOU STACK IT

 **PLY GEM**
FENCE | RAILING

MAKE YOUR FENCE A FEATURE WITH STACKED STONE

Our stacked stone columns can turn a functional fence into an elegant architectural feature. Molded from a Civil War ledgestone fence, our columns are indistinguishable from quarried stone. But they're much easier to set in place with no mortar or special skills required. Constructed in square-shaped sections, our modular system allows for custom heights so you can use them for a variety of applications including pillars, pedestals and deck posts.

NATURAL BEAUTY

- One versatile stacked stone color, **Canyon**
- Molded directly from Civil War fence row
- Hand-painted by skilled colorists for a natural, variegated look
- Our Stone pairs well with all the colors in Ply Gem fence and ranch rail options:

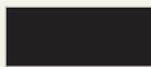

White

Sandstone

Tan

Black

Khaki*

Natural Cedar

Redwood

Weathered Cedar

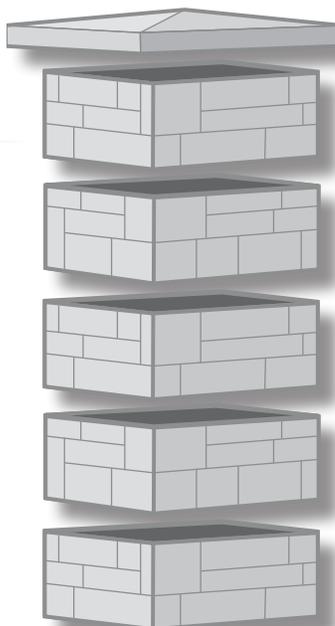

Chestnut Brown

*Khaki is not available in Ranch Rail

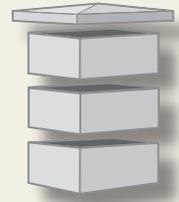

EVERYTHING STACKS UP NICELY

- Easiest to install stone column system available
- No mortar required
- Variety of applications: pedestals, bases, solid columns, fence posts, sign posts, deck posts, mailboxes
- One of the most dense available – PSI levels are more than double the industry standard of 1800
- Resistant to freeze-thaw temperature fluctuations
- Weather/water resistant
- High density/low porosity stone resists efflorescence

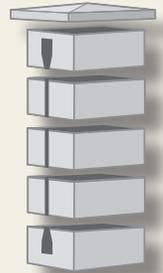

SOLID
COLUMN
COLLECTION
FROM PLY GEM STONE

The Solid Column Collection is designed for stand-alone pillars or fence posts with Ply Gem Ranch Rail and other fencing materials. Works best with Ply Gem Ranch Rail configurations.

PRIVACY
COLUMN
COLLECTION
FROM PLY GEM STONE

Designed to receive Ply Gem Solid Privacy Fences in a variety of colors. Privacy Columns construction allows for the installation of a routed post to help lock the fence securely in place.

ENDLESS ELEGANCE WITH OUR COLUMN COLLECTIONS

Add elegance all around your house with our Column Collection. Our modular system makes it easy. From pillars to light posts to driveway accents, stand out with the beauty of stacked stone.
