Dear Mayor Dodic and City of Lethbridge Councillors:

Re: Support of proposed Lethbridge Exhibition Park Expansion

At its February 1, 2013 meeting, the Mayors/Reeves Caucus for Southwest Alberta passed a motion (unanimously – Mayor Dodic abstained) in support of the modernization/expansion of the Lethbridge Exhibition Park.

Discussion at the meeting centered around the positive impact that a redeveloped park would have on the surrounding communities. These communities rely on Exhibition Park both as a venue and as a drawing card for the City of Lethbridge. Further discussion also looked at the obvious benefit that the redeveloped park would have on the ability of the City of Lethbridge to attract/host major conventions. Surrounding communities are certainly cognizant of the spin-off benefits of this re-development.

The Mayors/Reeves Caucus would encourage City Council to make this project a capital priority as you evaluate/process your capital budget options.

Yours truly,
