

*From the  
Desk of the  
GRAND  
KNIGHT.....*

**Dear Brother Knights and Sister Columbiettes.....**

In last month's Knight Light, I talked about the spiritual time of Easter and what it means to me. I spoke about the Bible and the many years it was not part of my life. I also stated that it was never too late to sit down and open the Bible and just start reading the Gospels.

God created everyone differently. We all have our own choices and timetables. The great part is when you really re-engage with your Faith and walk through everyday life with Jesus as your daily companion, knowing that He is never judgmental, but always reassuring; you will always have that overwhelming strength to overcome any obstacle.....

When I go back and read about the Resurrection of Jesus; Mark 21:1-9, it reminds me of how short life here on Earth truly is.....And the word, "Resurrection", must mean many things to many different people. To me, it means re-examining the way I treat and talk to others and resurrecting my life in a positive way. In today's world, it's easy to become negative and bitter, and to lose your enthusiasm for life. So many people live in the past and focus on who hurt them. They have, what I call, a "victim mentality"; always blaming someone else. You must remember that every challenge we go through, every adversity we face, God deposits something in our insides. I really can't put my finger on it nor explain it. You just have to experience it yourself. Your attitude has a great impact on whether you move forward on God's path or, you just stay put.

As I said in April's Newsletter, I am a graduate of The

School Of Hard Knocks. I write from my own perspective of my life's travels. I don't go around complaining and saying, God, why am I always getting these bad breaks? Instead, stay with your Faith. Just say, God, I know You're in complete control of my life no matter how tempted I am to be disappointed, I will not be a victim. I will not be negative, blaming others. I know You've got me in the Palm of Your Hand....And I believe, one day, I will look back and see how this has all turned out for my benefit. With any difficulty I face, I truly experience a new level of God's Goodness. I believe your past prepares you for a better future. One of the best things I've learned, is that nothing happens **TO** me, it happens **FOR** me! God would not have allowed me to go through difficult times if He didn't have a plan for good to come of it. Even though you go through challenges; even though something seems unfair; if you keep the right attitude, it will help you become who you were created to be, and take you where you are supposed to go. You are not defined by your past, you are prepared by your past. Nothing in your life is an accident. It was all meant to be in God's Plan for you. Remember: **DO UNTO OTHERS AS YOU WISH THEM TO DO UNTO YOU.....**

Try to live your life by deeds, not just words. If you want to live a resurrected life, you must first have a resurrected mentality. **TRUST IN GOD'S PLAN, AND KEEP THE FAITH.....**

Vivat Jesus
