## AMCO ENCLOSURES

[www.amcoenclosures.com](http://www.amcoenclosures.com)

Enclosures - Electronic/electrical cabinets, consoles, portable and workbench cabinets. Shielded available. Cooling devices.

## CARLING TECHNOLOGIES

[www.carlingtech.com](http://www.carlingtech.com)

The industry leader in rockers, toggles, sealed switches and circuit breakers. They have served a multitude of markets since 1920 with unmatched reliability.

## DATAKEY

[www.datakey.com](http://www.datakey.com)

Rugged portable memory systems for demanding OEM applications. Secure and uses standard industry formats.

## HALLMARK TECHNOLOGIES

[www.hallmarknameplate.com](http://www.hallmarknameplate.com)

Custom graphic overlays, name plates, membrane switches, control panel assemblies.

## HELLERMANNTYTON

[bit.ly/MoldedShapes](http://bit.ly/MoldedShapes)

Industry leader in heatshrink products and molded shapes. Strain-relief boots, transitions and connector backshell covers for a variety of industries. Custom shapes available.

## HELLERMANNTYTON

Tool-less braid termination systems specifically designed for wire harnesses requiring shielding from EMI/RFI or HERF and lightning.

## KING-CORD

[www.king-cord.com](http://www.king-cord.com)

Power Cords - UL, CSA, VDE and all Worldwide agency approvals. Manufacturing in Mexico, Taiwan, China and the United States. Standards & Custom.

## QUELL

[www.eeseal.com](http://www.eeseal.com)

EMI/RFI filters for a wide variety of connectors. Patented silicone rubber inserts for circular, rectangular and D-sub connectors. Meets rigorous Military testing standards.

## RCD

[www.rcdcomponents.com](http://www.rcdcomponents.com)

World leader in the mfg. of standard and custom Resistors, Coils, Delay lines and Inductors. Market leading SWIFT™ program delivers parts in ONE week.

## SCHAFFNER EMC

[www.schaffnerusa.com](http://www.schaffnerusa.com)

Full range of power line EMI filters, transformers and chokes. Filters include IEC power entry modules plus single and three phase chassis mount units. Custom solutions available.

## TEWA

[www.tewa-sensors.com](http://www.tewa-sensors.com)

Leading Manufacturer of NTC Thermistor and Temperature Probes. Broad spectrum of temperature sensing solutions for the electronics marketplace.

## TRIAD

[www.triadmagnetics.com](http://www.triadmagnetics.com)

Standard and custom transformers, switching power supplies. Switchmode/high frequency, wall plug-in, power, inductors, audio transformers.

## ZIERICK

[www.zierick.com](http://www.zierick.com)

Engineered interconnect solutions. Quick disconnect, crimp terminals, ring terminals, IDC and IPC wire to board connectors. Wide variety of standard interconnect parts. Custom solutions available.
