DINING SERVICES:

A message from Tom~

Dear Residents. Again, thank you for your patience as we continue to move forward.

As 90% of the resident make a reservation for 5:15, it is impossible for the servers to greet and serve everyone at the same time. When we open the California dining room, we will be expanding the reservation times and limiting how many tables are seated at once, this will better serve the flow of service. In the meantime, we ask for your patience as the servers are working at 100% to serve you as fast as possible.

We are continuing to receive double reservations for the same party. When making a reservation for a group "Please" designate one person to make the reservation for the whole party.

June Safety Training Topics: Wiping Cloths, Washing Pot and Pans, Workplace Violence, Safety Nets and Covid-19. Please help me congratulate Judith Guzman for being promoted to Dining Team Leader. Also help me congratulate Luis Martinez for his 10 years of service with The Towers.

MAINTENANCE:

Maintenance and our contracted vendor, Allstar plumbing, have completed an emergency Air Conditioner Riser Pipe Replacement on the 60 series. Holes that were made have now been patched and painted in the units that had the issues. Maintenance would like to thank the residents of the 60 series for their cooperation as this was a much-needed work to perform.

Also, the 52/54 series kitchen vent and sewer stack also has been completed. Holes in those units have been patched and painted as well. Maintenance would like to thank the residents of these series for the patience as we completed this work.

Wishing all a wonderful weekend, on behalf of the Sodexo and PMP staff, *Lisa*
