

Register now for PY2021 WPS MedicareRx Plan certification

Get ready to market and sell *WPS MedicareRx Plan* (PDP), one of the nation's top-rated Medicare Part D plans! You must certify for enrolling and marketing PY2021 *WPS MedicareRx Plan*, as well as to receive renewal commissions.

The Centers for Medicare & Medicaid Services (CMS) requires training and testing for all agents and brokers before they sell Part D plans. This training helps ensure agents understand the products they're marketing and their clients receive the information they need to make informed purchase decisions.

Due to COVID-19, we are only offering WPS MedicareRx Plan certification training for PY2021 online. Our webinar is available now, so you may view the course at your convenience. Online training is not a continuing education course and does not qualify for CE credit. The online class lasts approximately 90 minutes. Go to our [training and certification portal](#) to register.

Testing

Following your training, you will access the online-only test via our training portal. You must pass the test in order to complete the required CMS certification. Completion of the training and passing the test with a score of 85% or higher will allow you, a WPS-listed and Wisconsin-licensed agent, to market our PY2021 *WPS MedicareRx Plan*. You will also continue to receive commission for your current PDP clients.

CMS requires specific Compliance and Fraud, Waste, and Abuse training as part of the PY2021 PDP certification process. We have built this training into our PY2021 *WPS MedicareRx Plan* training session. You will not be required to do separate training or submit AHIP certification for our program.

Questions

If you have any questions about PY2021 *WPS MedicareRx Plan* training, contact your WPS Medicare Market Solutions Agency team or call Susan Knutson at 608-977-5621 or Michelle Heinrich at 262-717-3265.
