Sister Kate is the daughter of our sister Tish, and her best friend's grandmother is close to passing on. We would like to keep the family of sister Kate's best friend and her grandmother in our prayers as they go through these trying times.

Brother Tim and Sister Rosemary:

Please keep brother Tim and sister April in your prayers as they are struggling with their marriage. Brother Tim is a devout Bible keeper and his wife has taken up with the Baptist denominational empire. They are struggling to stay together, but Tim's wife is being told that her Baptist pastors are who the head of her family is and not her husband. Please pray against these demonically driven dogmas and theologies that are doing all that they can to break this family apart!

UPDATE 11/14/20:

Brother Tim and sister April are still fighting for their marriage, and the children are now calling for them to work things out. Please pray for the continuation of this process to work for

the glory of our Father in heaven!

Brother Nate and sister Cathy Carter

UPDATE 11/14/20:

GREAT NEWS! Prayers being answered are always worthy of sharing and brother Nate has good news. His cancer is in remission and a heart transplant is not needed! Praise Yehovah and his only begotten Son who are still in charge and working in and through us!!!!

Police Officers:

Once again several innocent Police Officers have been shot, and some murdered by those who seek vengeance and their own self-righteousness. Evil cannot be repaid with evil, and those who do such things will be guilty of transgressing our Father's spoken word. Please keep these Officers who protect and serve in your hearts and in your prayers along with their families.

Sister Breana:

Please pray for sister Briana for the loss of her unborn child. We know how hard this can hit a young sister who's husband is away serving our country (USA), and is left to deal with this loss on her own. Please keep her in your prayers and in your thoughts.

Brother Phil and Sister Ladyhawk:

Please pray from brother Phil and sister Ladyhawk who have experienced demon oppression in their home this week. These demonic activities are well known and prevalent all throughout our scripture and should not be taken lightly. Please fast and pray for this stronghold to be taken down by the hand of the Lion of Judah as we move through these appointed times.

Brother Ian:

Please keep brother Ian in your prayers as he is a health worker in Trinidad a small providence in Venesuala. He is around people with Covid-19 every day and needs our prayers. Please keep brother Ian and all who work with him to heal the sick in prayer. The work that they have chosen should be honored by all.

Pastor Scott Velain:

Please pray regularly for those on the prayer list, and those being persecuted in these trying times that we are now living in. Pray for those who are ill, those who have been struck down, and those who are still battling addictions and depression.

Please also pray for the Ask, Seek, and Knock program that is now being run by Pastor Jackie and sister Twofeathers to also grow and flourish as we continue together to march forward doing all that we can to expand our Father's coming kingdom to the best of our ability.

Please also keep the finances of the ministry in prayer as we have been hit hard by this pandemic, and many of our brothers and sisters are now either out of work or pulled back to part time.

Please also pray for brother Greg who is a police officer in the town next to ours that we have had the pleasure of baptizing last year, and all of the men and women who are Police Officers. Two more officers were brutally shot in the head while sitting in their squad car just this week, and two others were murdered in cold blood last week execution style. Lawlessness is indeed growing in the land, as those who put their lives on the line to enforce the law are being viciously murdered in our streets as we speak. This is not Yahovah's will, and those who do such things will indeed be held accountable by him. Pray for the protection of those who selflessly protect and serve.

Please also keep those around the world who are in harm's way due to the fires that are sweeping across the landscape as the earth begins to heat up just as our Messiah told us that it would in these end times. Many of our brothers and sisters live in these areas where fires and floods are now accruing and taking their homes, livestock, equipment and all that they own.

Please also keep our farmers, and livestock, and food growers in your prayers as they too have been effected not only by changes in the sun, moon, and stars, and the waves of storms and droughts... but also by the political evil being done by men to stop them from growing the food that we all need to survive.

Please also remember to give thanks for the protective hand that our Father, and his only begotten Son have had over us all, keeping us healthy and protected from much of what has already come upon the world.

Please also pray for our Elders, and those who serve this ministry unselfishly by donating their own personal time and effort to help keep the ministry moving in the right direction, and to help counsel those in the ministry with the spoken word of our Father in heaven. We appreciate them so very much, and we honor them for being the blessing that they are.

Please also keep me in prayer as well. As many of you already know, my heart jumps out of rhythm from time to time due to what is known as arterial fabulation. It has been a trying time

over the last few weeks, but through the grace of Yah, I'm still here and able to serve.

Pastor Jackie and Twofeathers Smith:

Please pray for new people, and new families that are now beginning to come so that the ministry in Sellersburg Indiana may grow and flourish.

Sister Bridget (brother Glens sister in law):

The brother of our beloved Elders and brother Glen has passed. Please keep his wife Bridget and our brother Glen and family in your prayers.

Sister Maryjo:

For her sisters' husband who has just been diagnosed with esophagus cancer. Please keep this family in your prayers.

Sister Karyn (Car-in):

Please add Karyn (Car-in) Behling to the prayer list. Karyn is new to the ministry and is and has been watching the Genesis series since she came to AZ. At this time, Karyn is going thru a difficult loss and although she is studying and seeking Yahovah and Yeshua Hamashiach, she admits she is angry for God taking this person away from her. Please pray that the Ruach HaKodesh, opens her eyes and ears for a better understanding. She has also been battling severe anxiety, depression and has had a Traumatic Brain Injury (due to the truck accident which also took her special person away from her). Your prayers are so very much appreciated.

Brother Harry and Sister Barb:

Need prayer for the healing of their marriage and finances. Please pray that both brother Harry and sister Barb can find a way through the worlds confusion to finally find peace and happiness and reconciliation.

Brother Glen:

I was contacted by someone on Rally Point (RP) who reads my daily scripture posts. His name is Ray Blaylock and he told me that his wife of 30 years, Kathy had to be taken to the emergency room last Saturday with a fever of 105 due to an infection in her body from the hemodialysis catheter. Now she has developed sepsis. She is waiting for a kidney and has to be on this dialysis.

Kathy was restrained by the medical personnel so she doesn't pull out the tubes. She is mad at Ray because she thinks it was he that tied her down. He stated that every day he reads my scripture postings to her and that makes her feel better.

I would like to have both of them put on the prayer list for healing, strength, and comfort.

Sister Christine:

For sister Deloris Gordon, for salvation and strength in the faith.

Brother Tim and Sister Rosemary?

Brother Tim and Sister Rosemary are now “Great-grandparents”! But young Elijah is having some problems and is in need of prayer.

Sister Kathleen Baker:

Sister Kathleen's sister has been put on a ventilator. Please keep her in your prayers.

Brother Mark:

For the restoration of his family and the reconnection of his grandchildren.

Brother Phil

For depression. Pray that brother Phil gets out of bed and is empowered by the Ruach to live life and be productive. Also pray for Sister LadyHawk and a strengthening of the Father within her as she deals with her husband's spirit of depression.

Pastor Velain:

Please pray for Trisha Rodkey, and all doctors like her, as well as first responders, nurses, and those who keep our hospitals and care centers clean and virus free, and our police and fire fighters. These brothers and sisters are on the front line of this battle between life and death. Please pray that they are filled with the Ruach Hakodesh, pray for their salvation, pray in thanksgiving for their selfless service to our communities, and give thanks to Yahovah for them and their service.

Sister Kathleen has been diagnosed with "Bells Palsy" this week and is in need of prayer. Her son noticed her face was drooping and that she was slurring her words and took her to the hospital. Thank Yah that it was not another stroke, but she was diagnosed with this new ailment. Please keep her and her family in prayer.

Sister Adriana Love:

Im Adriana im seeking prayer for my husband. He has bipolar depression and schizophrenia. It's very hard to deal with this. I go to church and pray daily. I fully trust in God, and he has shown me to stay by him that it will work out. But their is days when I'm drained. I praise his name even when my world seems to falling apart around me, but i have to hold it together for our 11month old daughter.

Please pray for sister Cinthia's mother who is 82 years of age and is just now beginning to come out of today's modern-day denominational dogmas and theologies. We continue to pray that she progresses towards the light of truth laid out before us through our God breathed scripture.

Sister Lisa Riley:

I was asking for prayers for a family I know, Danny and Cara West, his wife Cara has been diagnosed with stage 4 cancer, I'm not sure where the cancer is in her body, but it's a very hard time for this family and although miracles do happen, sometimes it doesn't seem that way especially with cancer.

But if you could pray for this family regardless of the outcome, pray that him or family doesn't blame God or fall away bcz of bitterness.

Thank you

Some changes are manifesting but there's still more works to be done. AMEN.

Brother Tomothy C:

I've recently happened upon your ministry via YouTube & I must say Inalways feel better after listening to your sermons. However, I've been battling alcoholism & marijuana abuse for the past 10 years & I just can't seem to beat it. I'm 34 years old. Right now I'm in a medical detox in Illinois trying to become sober for the umpteenth time. Some days are better than others but most days I just don't see a way out. The Most High has kept me through these times and I just want to be delivered from this madness so i can do The Most High's Will & so that He will be happy with me when it's my time... If you have any suggestions I would appreciate it. I'm not looking for monetary help. Just spiritual deliverance. I want to be free from this burden. Please help me...
