focused on the needs of the heavy equipment industry

1 Standard Warranty
Standard Warranty can be eliminated as necessary evil with the burden of cost and administration removed. Instead, it can be viewed as a competitive advantage. Used as a Marketing tool, it can bring a interesting Profit opportunity. We'll show you how!

2 Extended Service Contracts
ADI offers a variety of extended service contract programs with customizable options. We welcome the opportunity to develop a lasting relationship, understand our customers' long term needs, and help them sell more products to increase their bottom line.

3 Service Contract Administration
Clients choose ADI for one simple reason - our methods give them the results they need, quickly and efficiently. ADI can assemble a broad suite of service suppliers to provide a wide range of client needs.

4 Consulting
Let ADI marshal the resources to think through the issues and develop the very best use of your time, money and name when creating point of sale products.

5 Physical Damage
Coverage how and when YOU need it! Get the deal done faster, increasing speed in funding. Solve the customer's problems, fill their needs and increase customer loyalty while saving administrative time and expense. Coverage is underwritten by an AM Best "Superior" Rated Carrier. Our web-based "On Demand" application is available at the click of a button.

6 Dealer Inventory - LDW
Provides your customer access to your insurance policy. Eliminates the need to chase certificates and ensure your equipment is covered properly while out on rent. Our plan will save you a significant amount over other LDW options that you'll find in the industry. Simply put, it has the power to differentiate you from your competitors... standing out as a provider of complete solutions to their equipment needs.

Check us out online! We're on the move for YOU!
