REF: Coronavirus – Covid-19

Dear Fellow Servants,

Greetings in the precious name of Jesus our soon coming King. In light of the recent pandemic of the Coronavirus also known as Covid 19, as a precautionary measure **we are recommending a total cessation of extra-curricular activities involving all above mentioned ministries until further notice.**

This does not include your regular church activities such as weekly AYS or weekly church services, as that is a decision that would normally be made at your local church level or by the conference administrative committee.

We are carefully monitoring the news and adhering to all counsels giving by the various office of our organization. We also would like to make the following recommendation while we assess the severity of the situation for the next few weeks:

1. Let us pray without ceasing
2. Wash hands for at least 20 seconds before touching eyes or mouth
3. Stock up on essential food items and medical supplies
4. Wash all foods properly
5. Do not panic

The God of Heaven is in full control of this, and every other situation affecting His people, and by His grace this too shall pass.

May God continue to bless us as we work together for His coming.

Yours in His service,

Pastor Carl B. Ming
