This hands-on clinic is designed to educate Rehabilitation and Golf Professionals in the instruction of adaptive golf techniques for physically challenged individuals. The session will also assist physically challenged individuals in developing and enhancing their golfing skills.

At the conclusion of this event, participants should be able to:

- Review basic golf techniques to assist improvement of functional skills, range of motion, and balance.
- Perform a basic golf swing with a driver or iron
- Interact with other individuals toward participation in a lifelong leisure activity
- Identify and utilize special equipment, such as golf clubs and other adaptive accessories.

PROGRAM AGENDA

Breakfast 9:00 a.m.

First Swing Seminar 9:30 a.m.
Clinic Instructors: Kenny Bontz and Adam Benza

Learn to Golf Clinic..... 10:00 a.m.
Learn to Golf Clinic for physically challenged individuals provides golf instruction for ambulatory and non-ambulatory individuals by health professionals under the direction of Learn to Golf Instructors
