Abbe Mattson  
Executive Director  
Explore Knowledge Academy  
5871 Mountain Vista Street  
Las Vegas, NV 89120

Dear Director Mattson,

On behalf of the Northwest Accreditation Commission, I wish to congratulate you on achieving the significant milestone of maintaining continuous accreditation from our organization since 2006-07 school year.

Your continuous accreditation demonstrates your school's commitment to educational quality, operational effectiveness, and student achievement. We applaud your school's dedication to continuous improvement and excellence.

As a reminder, your school accreditation also affords your school access to customized and technical assistance to maximize improvement efforts as well as professional development opportunities such as service on review teams, annual conferences and training, and state workshops on all aspects of school improvement.

Please feel free to contact me if you have questions about our accreditation and school improvement services or need our assistance. We look forward to serving you in the coming school year and years to come.

Sincerely,

Pamela Salazar  
Nevada Director  
Northwest Accreditation Commission
