

Dave Clark, Vice-President

Dave was born in Golden Lake and grew up in the Valley prior to heading off to Toronto to study Business Administration at Humber College. He currently lives in Carp with his wife Christine and has two adult children, Ian and Elizabeth.

Dave retired in 2016 after spending 35 years at Bell Canada in numerous roles, the most recent being technology strategy and system development. He currently serves on the Board of the Gananoque Brewing Company and is active in the brewing operations.

He has many hobbies and interests such as woodworking (including owning and operating a portable sawmill!), building, welding and fabricating, snowmobiling and downhill skiing.

Dave spends as much time as he can at the family property on Rocky Point Drive, and has been active on the Board since joining as a Director in 2019.

Natalie Corbin, Lake Steward

Born and raised in the big Township of Horton, Natalie is a proud mom of two kids in university, and proud stepmom to a college graduate and one still in college.

Six years ago, her husband's family decided to open a gas station, and she is now the Director of Operations at Pikwakanagan Fuels and Grassroots Healing on the territory of the Algonquins of Pikwakanagan. Her work motto is to work hard, but have fun doing it!

Prior to that, Natalie worked in the high-tech industry, and travelled extensively. During this time, she also volunteered with the Horton Recreation department, and eventually became chair for a couple of years. During her time with them she was able to obtain a grant of \$100,000 for their outdoor rink!

Natalie and her family have always been community supporters, and when the opportunity arose for her to join the Golden Lake Property Owners Association, she jumped in. Last year they purchased a property on Island View Drive, and are now officially North Algona Wilberforce residents.

Sylvia Hillier, Director at Large

Sylvia has spent the best parts of her last 50 years at her cottage on Nien-Mar Lane. She identifies many of her “firsts” as having happened there including learning to swim, use a motor, drive a boat, waterski, fish and cook the perfect marshmallow! Sylvia considers the rustic retreat her piece of heaven on earth.

During the week she works for Waste Management as their Senior District Manager overseeing the Ottawa region. She is passionate about the environment and ensuring it is sustained for future generations. She completed her MBA as an adult and is normally found taking one course or another!

When she is not at the lake, she resides with her husband Frederick and soon to be married son Samuel in Carleton Place. They have a new addition to the family: “Kyro” is a 5 month old Portuguese water dog because they needed a dog who loves the water as much as the family does!

Sylvia is honoured to be part of the GLPOA Board and looks forward to contributing wherever needed.

Livia Vodenicar, Treasurer

Livia is a pharmacist and the owner of the Golden Lake Pharmasave. She grew up in BC, and acquired her degree in pharmacy at the University of Alberta in Edmonton, arriving in Pembroke in 2006 with a contract to work for a pharmacy franchise.

Her husband had chosen a new career in real estate after they relocated to the Valley, and as his work grew to specialize in cottages and waterfront property, he made the decision to open up his own brokerage in Eganville. They naturally found a property in the country for their forever home, close to his work, which subsequently led them to becoming business owners in Golden Lake when the opportunity arose.

Dan and Livia spend their time with their two daughters on their little hobby farm, taking their horses on trail rides and to 4H events, fishing and swimming in the lakes and rivers, hunting, and creating a variety of artworks when they can.

GLPOA was the next step in getting involved in their community and supporting the outdoors that give them so much.
