GENERAL BASKETBALL INFO:

Learn-to-Play Basketball focuses on the core skills every player needs to be successful. During this 9-week skills-based session, your athletes will learn and improve on dribbling, passing, shooting, defense and much more!

Each athlete **MUST** bring their own basketball to play.

We will do our best to keep ball sharing to a minimum between athletes.

At this time scrimmages ("games") will not be permitted.

LEARN TO PLAY SPORTS: AGES 4-12 (MUST BE POTTY TRAINED)

Similar to our Sports Development classes but now with a wider age range. LTP Sports will include basketball, soccer, baseball, tennis/pickleball, bowling and other activities meant to improve hand-eye coordination and skills. Some equipment will be needed. Location and required equipment will be communicated to parents the week before. Your first class will take place in the lower gym and no equipment needed.
