

*October 1-31*

An annual event in NYS where libraries connect patrons to help their neighbors. The Livingston Free Library has chosen this organization this year.

**Delivering Nutritious, Balanced Meals to Children and Adults  
in Need in Columbia County**

**The economic impact of Covid 19 has hit vulnerable members of our communities hard. Local food advocates and chefs created the Columbia County Recovery Kitchen (CCRK), a volunteer organization prepares and delivers meals to adults and children throughout the county 4 days a week. Social workers from schools, Head Start, Columbia Opportunities and the Department of Social Services are a few of the agencies who identify those most at risk. Self-referral and referrals from family and friends are also welcomed.**
