We want to know what you think should be in the new Official Plan on climate action, for the city in general, and for the neighbourhood you live in. Your ideas will feed into the further development of a Peoples’ Official Plan for Ottawa’s Climate Emergency being drafted by people in the FCA, CAFES, Ecology Ottawa, Greenspace Alliance, Bike Ottawa and others.

Youth Climate Ambassadors will guide the discussion for an hour and prepare notes for a longer workshop November 15 and 16, to which you are also invited. Together, we expect to offer the City impactful policy options regarding climate action. Join us and help make Ottawa a climate smart city!
