

MESSIAH PRESCHOOL Photo - Facebook & Classroom Dojo Permissions

2411 West Avenue, Burlington, Iowa 52601

There are many times we use the children's pictures in the preschool environment, including room displays and projects. Sometimes we have room visitors who enjoy taking photos with the children. On a field trip, a parent may snap shots or perhaps the Hawkeye may show up to take a picture to put in the newspaper. We are currently updating our church website and would like to have permission to share some of our room activities with the congregation. Results from the parent survey indicate preference for using a Facebook page to share information electronically. This page is only available to parents of children attending this year's sessions. Also, the Classroom Dojo app is used for teacher and parent interaction only. These electronic communications will only be open by invitation and permission to join them is given by the director. Please indicate all your wishes. **You must sign at the bottom.**
