

DEFENSIVE VEHICLE TACTICS

Course Description and Requirements

Defensive Vehicle Tactics - Vehicles are a big part of our everyday life. Unfortunately, they can also make us a target of carjackers and other criminal elements. This two-day course teaches the skills needed to better defend yourself and your family when confronted with a threat around your vehicle. It covers defensive driving awareness, how to exit and use the vehicle for cover, the challenges of shooting from inside a vehicle, and how bullets are affected when impacting a vehicle.
