

Illinois state statutes (805 ILCS 5/5.05) require business entities to appoint and continuously maintain a registered agent and registered office within the state. The law allows the general public, as well as government agencies, a reliable way of contacting your business. This is mostly in the event of a lawsuit. When your company is sued, service of process (notification of a lawsuit) will be delivered to your registered agent.

Registered agent must be a CCA member in good standing and reside in Illinois. Registered agent must file yearly form for the corporation with the Secretary of State.
