

Board members are elected by their peers and work for them. Board members will be present at the Fall show, be present and active on the board conference calls, and be active in the discussions on the BOD email list, actively doing the work of the board. Board members are expected to be active and present at shows. If any board member is unwilling or unable to commit to these expectations, or they are not able to be present and active during these events, they will be asked to step down and allow someone else to step up that will be able to better serve the club at this time. Board members are expected to act in a professional manner and to be fair and equitable in making decisions without a personal agenda and in the best interest of the Club and its membership as a whole.
