DEFINITION OF TERMS

Subject Codes – Indicated the *content* of the course being delivered and provides a taxonomic scheme supporting the accurate tracking, assessment, reporting, and analysis of the field of study.

CTAGs - *Alignment* between secondary and postsecondary career-technical education content. Assist students moving from Ohio secondary and adult career-technical institutions to Ohio public institutions of higher education.

Credentials - *Opportunities* provided to students to earn verification of qualifications, competence and/or authority of an individual to perform at levels of proficiency established by a third party (vendor/provider). Career-technical education credentials primarily reflect education and industry licenses, education, and industry certificates and postsecondary degrees.

Industry Recognized Credential (IRC) Points - Each Ohio Department of Education approved industry-recognized credential has been assessed a point value based on employer demand and other factors to allow for students to bundle credentials for *graduation*.

Articulation Agreements – A *partnership* between institutions (MCCC and colleges/universities) to recognize credits which will be accepted when a student enrolls into a college or university to pursue a specific degree prog
