Chase's Challenge

This week, things have been somewhat calm, or so it would seem, in the world around us. Nothing like what has been happening in the past few weeks has happened this week. Maybe this is a good thing, a chance to take a deep breath from the worries that we have built up. Of the few things that have occurred, the biggest story has been the actions of the nation of Greece to refuse a bailout program from the European Union. While this may not seem like pertinent information to us, it should serve as a reminder of the evils which money, and a lack of responsibility with it, can bring. So, the question for this week is...

How are Christians supposed to handle money?

Of course we have heard time and time again sermons on giving, and while that is important, it is not the idea that I am getting at. What are we supposed to do with the money we are given? Should we be putting it into savings accounts? What about investing it? Should we be frugal or frivolous? Should we lend it to others? Should we ever borrow money? Note: These are discussion questions. They are meant to create deep thought and consideration in order to strengthen us spiritually. As such, answers such as the Bible says so, Jesus says so, or God says so are not enough. Prove that God and Jesus said so through scripture. Use passages of the Bible to strengthen your discussion. Grow closer together and more importantly, grow closer to God together.

Blue Ridge's congregation wish's to extend an invite to the following activities.....
