

Don't pay more than you should— Shop, compare and save money.

Side 1

You have choices when it comes to the cost of your health care.

- The quality and price of medical services can vary depending on where you go for office visits, imaging services, and surgery, including inpatient and outpatient care.
- Compare quality and cost before you go, and then decide what's best for your care.
- Cost estimates are based on your plan and where you stand with your deductible.¹ Your costs are lower after your deductible is met—pay only coinsurance or a copay for in-network services.
- To get cost estimates, simply log in at FloridaBlue.com and select **Compare Medical Costs** under **Tools**.

Check doctor ratings.

- See patient reviews on important factors like trust, communication, availability and environment.
- To read reviews, log in at FloridaBlue.com. Once you find a doctor using the search tool, click **Details** and then **See Patient Reviews**.
