“Before receiving assistance, we were very poor. Now I can provide food and a roof for my kids, and work more hours.”

“My life began changing once I was approved for child care services. This helped me in many ways. Now I am able to work without worries about who will care for my child. I can work, and provide for her. I can offer her a better future.”

“My daughter’s first year in school was a great one as a result of this program. I believe it has given her a positive educational outlook. College is bound to be in her future.”
