## TRAVEL

Expenses arising as a result of a medical emergency while you or an eligible dependent are temporarily outside of your regular province of residence for vacation, business, or education will be considered eligible under the Travel benefit.

To qualify for benefits, the claimants must be covered by their respective provincial government health plan or equivalent at the time the expenses are incurred.

Eligible travel benefits will be considered based on the reasonable and customary charges in the area where they were received, less the amount payable by your provincial health insurance plan or equivalent, if your province provides such coverage. This limitation is not applicable if you reside in a province that does not offer out-of-Canada coverage.

All dollar maximums and limitations are stated in Canadian currency. Reimbursement will be made in Canadian funds or U.S. funds for both providers and plan members, based on the country of the payee. For payments that require currency conversion, the rate of exchange used will be the rate in effect on the date of service of the claim.

Upon notification of the necessity for treatment of an accidental injury or medical emergency, **the patient must contact GSC Travel Assistance within 48 hours of commencement of treatment.**

For assistance dial **1.800.936.6226** within Canada and the United States or call collect **0.519.742.3556** when traveling outside Canada and the United States. These numbers appear on your GSC Identification Card.

Quote your GSC Identification Number, found on your GSC Identification Card, and explain your medical emergency. **You must always be able to provide your GSC Identification Number and your provincial health insurance plan number.**

A multilingual Assistance Specialist will provide direction to the best available medical facility or legally qualified physician able to provide the appropriate care.

Upon admission to a hospital or when consulting a legally qualified physician or surgeon for major emergency treatment, we will guarantee the provider (hospital, clinic or physician), that you have the required provincial health insurance plan coverage and GSC travel benefits as detailed above.

GSC Assistance Medical Team will follow your progress to ensure that you are receiving the best available medical treatment. These physicians also keep in constant communication with your family physician and your family, depending on the severity of your condition.

When calling collect while travelling outside Canada and the United States, you may require a Canada Direct Calling Code. In the event that a collect call is not possible, keep your receipts for phone calls made to GSC Travel Assistance and submit them for reimbursement upon your return to Canada.

## Travel Limitations

1. Coverage becomes effective at the time you or your dependent crosses the provincial border departing from their province of residence and terminates upon crossing the border returning to their province of residence on the return home. If traveling by air, coverage becomes effective at the time the aircraft takes off in the province of residence and terminates when the aircraft lands in the province of residence on the return home;
2. Upon notification of the necessity for treatment of an accidental injury or medical emergency, GSC's Assistance Medical Team reserves the right to determine whether repatriation is appropriate if the patient's medical condition will require immediate or scheduled care. Such repatriation is mandatory, where the Assistance Medical Team determines that the patient is medically fit to travel and appropriate arrangements have been made to admit the patient into the provincial government health care system of their province of residence. Repatriation will ensure continued coverage under the plan. Should the patient opt not to be repatriated or elects to have such treatment or surgery outside their province of residence, the expense of such continuing treatment will not be an eligible benefit;

**The patient must contact GSC Travel Assistance within 48 hours of commencement of treatment.** Failure to notify us within 48 hours may result in benefits being limited to only those expenses incurred within the first 48 hours of any and each treatment/incident or the plan maximum, whichever is the lesser of the two;

3. Air ambulance services will only be eligible if:
  - they are pre-approved by GSC Travel Assistance
  - there is a medical need for you or your dependent to be confined to a stretcher or for a medical attendant to accompany you during the journey
  - you or your dependent are admitted directly to a hospital in your province of residence, and
  - medical reports or certificates from the dispatching and receiving legally qualified physicians are submitted to GSC Travel Assistance
  - proof of payment (including air ticket vouchers or air carrier invoices) is submitted to GSC Travel Assistance
4. If planning to travel in areas of political or civil unrest, or in areas where Global Affairs Canada (GAC) has issued a formal travel warning regarding non-essential travel, contact GSC Travel Assistance for pre-travel advice, as we may be unable to guarantee assistance services;
5. GSC reserves the right, without notice, to suspend, curtail or limit its services in any area in the event of political or civil unrest, including rebellion, riot, military uprising, labour disturbance or strike, act of God, or refusal of authorities in a foreign country to permit GSC to provide service. This includes travel in any area if at the time of booking the trip (including delay of travel), or before your departure date, Global Affairs Canada (GAC) issued a formal travel warning advising Canadians to avoid all or non-essential travel to that specific country, region or city due to a likely or actual epidemic or pandemic, (non-essential travel will be deemed as anything other than a significant medical or family emergency, such as the death of a family member).

Features of this great value-added service and how it works:

1. This national program includes more than 800 dental provider locations from coast to coast.
2. Once a dental provider elects to participate in the network, they are added to a list of GSC's participating dental providers. This list is available at [student.greenshield.ca](http://student.greenshield.ca).
3. You may visit a dentist from the list of participating dental providers, or you may ask your existing dentist to join this network; the advantage to your dentist of joining the network is the potential of an increase in business. Your dentist can call our Customer Service Centre at 1.888.711.1119 for more information.
4. The discount offer applies to most dental procedures and *may* be up to 30%.
5. Our system will automatically calculate the applicable discount when you visit a dental provider in this network. The applicable discount is dependent on your particular college or university's plan design, and will be subtracted from your co-pay, or share of the cost.
6. Eligible dental claims must be processed electronically; therefore, **you must first be enrolled on GSC's system in order to be eligible for the discount.** GSC will pay your dentist directly; you only have to pay the dentist your share of the cost (if any) for services provided.
7. You will receive professional dental services while incurring lower out-of-pocket expenses and maintain ongoing oral health.

### **Co-ordination of Benefits (COB)**

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payor first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

#### **GSC Plan Member**

This GSC student plan is always your primary plan. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

#### **Spouse**

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

#### **Children**

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
  - The benefit plan of the parent who has custody of the dependent child
  - The plan of the spouse of the parent who has custody of the dependent child
  - The plan of the parent who does not have custody of the dependent child
  - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

#### **Travel Benefits**

In the event of a travel claim, all plans equally share the cost of the claim.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.
