INDEPENDENT AUDITORS' REPORT

Mayor and City Council
City of Tupelo, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Tupelo, Mississippi, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Tupelo's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Northeast Mississippi Regional Water Supply District, which represent approximately 31 percent and 4 percent, respectively of the assets and revenues of the Proprietary Fund. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Northeast Mississippi Regional Water Supply District, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Electric Department's fiscal year ends on June 30th as required by regulatory bodies. Therefore, all statements and information relating to the Electric Department in this report are for the fiscal year beginning July 1, 2018 and ending June 30, 2019.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Tupelo, Mississippi, as of September 30, 2019, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 11 through 19, the schedule of the City's proportionate share of the net pension liability on page 76, and the schedule of the City's contributions on page 77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Tupelo, Mississippi's basic financial statements. The combining and individual fund financial statements and supplementary information, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements, supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2020 on our consideration of the City of Tupelo, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Tupelo's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Tupelo's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

Required Supplemental Information for the year ended September 30, 2019

This section of the City of Tupelo's Financial Report presents our discussion and analysis of the City's financial performance during the fiscal year ending September 30, 2019. Please read it in conjunction with the City of Tupelo financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$263,357,128. This compares to the previous year when assets and deferred outflows exceeded liabilities and deferred inflows by \$258,652,808.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$66,510,054, an increase of \$15,478,008 in comparison to the prior year. Approximately 32% of the combined fund balances, \$21,073,144 is considered unassigned and is available for spending at the City's discretion.
- The City's total debt is \$129,568,288. Debt in the amount of \$25,900,703 was issued in the current fiscal year; all of which was used for capital acquisition or capital projects. Debt in the amount of \$15,614,773 was repaid during the current fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts—management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents combining statements for non-major governmental funds. The basic financial statements include two kinds of statements that present different views of the City.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City's operations in more detail than the government-wide statements.
- The Governmental Funds statements tell how general government services such as public safety were financed in the short-term as well as what remains for future spending. The City has four Governmental Fund types: the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.

Proprietary fund statements offer short- and long-term financial information about the activities the government operates in a similar manner as businesses, and include the Electric, Water & Sewer, Solid Waste funds and the Northeast Mississippi Regional Water Supply District.

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds, each of which are added together and are presented in single columns in the basic financial statements.

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the City they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities, and deferred inflows / outflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position—the difference between the City's assets, liabilities, and deferred inflows / outflows—is one way to measure the City's financial health.

- Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City, the reader should consider additional non-financial factors such as changes in the City's property tax base, as well as, economic activities and trends at local and regional levels.
- *Governmental activities* – Most of the City's basic services are included here, such as the police, fire, public works, and parks and recreation departments, and general administration. Property taxes, sales and use taxes, and state and federal grants finance most of these activities.
- *Business-type activities* – The City charges fees to customers to help it cover the costs of certain services it provides. The City's garbage pickup, water and sewer systems and electric department services are included here along with the Northeast Mississippi Water Supply District (a blended component unit).
- *Component Unit* – The government-wide financial statements include not only the City itself (known as the primary government), but also the following legally separate entity for which the City is financially accountable: Tupelo Airport Authority. Financial information for this *component unit* is reported separately from the financial information presented for the primary government itself. The Tupelo Airport Authority issue separately audited financial statements and may be obtained from the City's Budget and Accounting Department.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds—not the City as a whole. The “fund” level is where the basic unit of financial organization and operation within the City of Tupelo exists. Funds are accounting tools that are used to keep track of specific sources of funding and spending for particular purposes. They are the basic budgetary and accounting entities.

- Some funds are required by State law and by bond covenants.
- The City Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Tupelo has two types of funds:

- **Governmental funds**—most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them. The measurement focus of governmental funds is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income determination. These funds are maintained on a modified accrual basis of accounting (explained further in the notes to the financial statements under "Summary of Significant Accounting Policies"). The basic financial statements for governmental funds are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balance. The City utilizes four types of governmental funds: the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.

- **Proprietary funds**—Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. The City has only one type of proprietary fund—enterprise funds. The City's enterprise funds are the same as its business-type activities yet provide more detail and additional information, such as cash flows. The measurement focus of proprietary funds is upon determination of net income, financial position and change in financial position. These funds are maintained on the accrual basis of accounting. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows are all required statements.

Government-wide Financial Analysis

As year-to-year financial information is accumulated on a consistent basis, changes in the net position may be observed and used to discuss the changing financial position of the City as a whole.

The City's assets and deferred outflows exceeded liabilities and deferred inflows by \$263,357,128 at the close of the most recent fiscal year. This is a \$4,704,320 increase over last year's net position of \$258,652,808. Tables A-1 and A-2 provide a summary of the City's net position at September 30, 2019 and 2018.

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

A large portion, 78.8% and 79.5%, of the City's net position reflects its investment in capital assets (such as land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding for the years ended September 30, 2019 and 2018, respectively. The City uses these capital assets to provide services to citizens; however, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The unrestricted net position of our business-type activities is \$4,948,496. These resources cannot be used to add to the net position surplus in governmental activities. The City generally can only use this net position to finance the continuing operations of the business type activities.

Changes in net position: Approximately 11.3% of the City's total revenues come from property taxes, with 36.6% of all revenue coming from some type of tax. (See Table A-2.) This compares to 11.5% and 37.0% for the fiscal year ended September 30, 2018. Another 55.1% comes from fees charged for services, and the balance is from operating and capital grants and contributions and investment earnings.

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

Governmental Activities

Governmental activities decreased the City's net position by \$1,728,650. Key elements of this decrease are as follows:

The largest funding sources for the City's governmental activities, as a percent of total revenues, are sales tax 47.9%, property taxes 25.6% and charges for services 8.4%.

The largest expense categories for the City's governmental activities are public safety 34.1% and public works 19.1%.

Business-type Activities

Business-type activities increased the City's net position by \$6,432,970.

Charges for services are the major revenue categories for the enterprise funds. Total business-type revenues are comprised of \$13,028,535 for water and sewer, \$54,768,644 for electric, \$3,506,173 for solid waste management and \$2,978,750 for the Northeast Mississippi Regional Water Supply District.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds—The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

General Fund—The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$21,073,144, which comprised 92.6% of total general fund balance. As a measure of the general fund's liquidity, it may be useful to compare both the fund balance, assigned and unassigned, to total fund expenditures. Total fund balance represents 70.6% of total fund expenditures. The fund balance of the City's general fund increased by \$2,926,913 during the current fiscal year.

Debt Service Fund—The debt service fund has a total fund balance of \$9,879,109, all of which is restricted for the payment of debt service. The net increase in fund balance during the current year was \$4,141,538.

Capital Projects Fund—The capital projects fund accounts for the construction and reconstruction of general public improvements, excluding projects related to business-type activities, which are accounted for elsewhere. At the end of the current fiscal year, the fund balance was \$28,380,674.

CITY OF TUPELO, MISSISSIPPI MANAGEMENT'S DISCUSSION AND ANALYSIS

Special Revenue Fund—The special revenue fund is used to account for the programs and projects primarily funded by grants or taxes from the federal and state governments. At the end of the current fiscal year, the fund balance was \$5,504,108, which will be used for future expenditures.

Proprietary Funds—The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The net position of the proprietary funds at the end of the current fiscal year totaled \$143,874,040. Changes in net position, which totaled \$6,432,970, were as follows: the electric fund decreased by \$507,097, the water & sewer fund increased by \$3,035,388, the solid waste management fund increased by \$165,538 and Northeast Mississippi Regional Water Supply District increased by \$3,739,141.

Budgetary Highlights

The City's annual budget, which is prepared on an operating basis, includes estimated revenues and annual appropriations for the proprietary funds as well as the governmental funds.

The City's 2018 – 2019 general fund budget increased by \$458,287 and an overall operating budget reduction of \$783,760.

CAPITAL ASSET AND DEBT ADMINISTRATION

The City anticipates spending \$25,472,000 in capital projects from fiscal years 2021 – 2025. The sources of revenues include federal grants, G.O. bonds, and general fund revenues.

Capital Assets—In accordance with GASB 34, the City has recorded depreciation expense associated with all of its capital assets, including infrastructure. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2019, amounted to \$341,985,476, net of accumulated depreciation of \$239,651,166. This investment in capital assets includes land, buildings, improvements other than buildings, machinery & equipment, infrastructure, and construction in progress.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Key assumptions for revenue forecasts for fiscal year 2020 are summarized as follows:

1. Sales tax revenues will remain flat.
2. Property tax revenue will increase 2%.
3. Interest rates will remain relatively flat.

This contributed to the following projections:

1. Property tax revenue will increase.
2. Millage rates remained the same at 32.47 for the City's 2020 fiscal year budget. This includes 12.94 mills for the General Fund, 10 mills for the Thoroughfare Fund, .97 mills for the Library fund, 1.61 mills for the Fire and Police Retirement Fund, and 6.95 mills for the City Bond and Interest Fund.
3. Personnel cost will increase due to a 3% cost-of-living increase for the full-time employees.

CITY OF TUPELO, MISSISSIPPI
RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
For the year ended September 30, 2019

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 15,478,008
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	8,258,166
Depreciation expense on capital assets is reported in the statement of activities, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in the governmental funds.	(9,167,847)
Revenues in the statement of activities that do not provide current financial resources and are not reported as revenues in the funds.	1,807
Proceeds for lease of building to nonprofit organization reported as lease income on the governmental funds financial statements. The nonprofit ceased operations in 2019 and the capital lease remaining balance was paid.	(1,145,000)
The amortization of the discount and premium are reported as a reduction to expense on the statement of activities.	226,887
Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the remaining basis of the capital assets sold.	(156,300)
Changes to net pension liability, deferred inflows and deferred outflows are reported in pension expense in the statement of activities but do not provide or require the use of current financial resources; therefore, pension expense related to these changes are not reported as expenditures in the governmental funds.	(2,691,733)
The change in accrued interest payable is reported as an expense on the statement of activities.	114,436
Repayment and refunding of bond principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	11,803,082
The proceeds of debt are an other financing source on the governmental funds income statement but are not reported on the statement of activities:	
Proceeds from issuance of bonds and notes payable	(21,385,000)
Premium on issuance of bonds	(3,025,090)
Decrease in accrual of compensated absences.	<u>(40,066)</u>

NOTES TO FINANCIAL STATEMENTS

CITY OF TUPELO
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City operates under a Mayor-Council form of government and provides the following services: public safety (police and fire), public services (streets and sanitation), recreation, economic development, utilities (electricity, water and sewer), community services, urban redevelopment and housing, public improvements, planning and zoning, and general administrative services.

The City has elected to apply all Governmental Accounting Standards Board (GASB) pronouncements, applicable Financial Accounting Standards Board (FASB) pronouncements, and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The accounting policies of the City of Tupelo conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

FINANCIAL REPORTING ENTITY - BASIS OF PRESENTATION

Government-Wide and Fund Financial Statements

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information on all non-fiduciary activities of the primary government and its component units. The statements distinguish between those activities of the City that are governmental, which are normally supported by taxes and intergovernmental revenues, and those that are considered business-type activities, which rely to a significant extent on fees and charges for support. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of net position presents the financial condition of the governmental and business-type activities for the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods and services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The focus of governmental and enterprise fund financial statements are on major funds. Each major fund is presented in a separate column. Non-major funds, where applicable, are aggregated and presented in a single column. Fiduciary funds are reported by type.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible in the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Significant revenues considered to be susceptible to accrual in addition to general property taxes include sales tax and various categorical grants. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Types

Governmental Funds

General Fund – The General Fund is used to account for all financial resources of the primary government except those required to be accounted for in another fund. The majority of current operations are financed by this fund. Transfers to other funds and agencies are made from this fund. Monies from other funds may be received unless prohibited by the purpose and object of such funds. This is a major fund.

Debt Service Funds – Debt Service Funds were established to receive and account for resources restricted for the payment of interest and principal on general improvement and school bonds, and notes and capital leases. These are non-major governmental funds except for the Water G.O. Bonds fund.

CITY OF TUPELO
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Capital Projects Funds – Capital Projects Funds are used to account for financial resources such as proceeds from the sale of bonds, bond anticipation notes, capital notes, transfers from governmental funds, and federal and state grants, all provided for the specific purpose of constructing, reconstructing or acquiring permanent or semi-permanent capital improvements. Capital improvements intended for Enterprise Fund use are not included in the Capital Projects Funds. These are non-major governmental funds except for the Special Obligation Capital Fund, which is considered major.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific federal and state grants that are legally restricted to expenditures for specified purposes. These are non-major governmental funds.

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the proprietary funds are as follows: sale of water for the Water Fund, refuse collection charges for the Solid Waste Fund, and sale of electricity for the Electric Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

Electric Fund – This fund is used to account for the City's electric distribution system. This fund is responsible for electric power delivery to the residents of the City of Tupelo.

Combined Water and Sewer Fund – This fund is used to account for the City's water treatment and distribution system. This fund is responsible for water delivery to the residents of the City of Tupelo.

Solid Waste Management Fund – This fund is used to account for the cost of providing solid waste services to the City.

Northeast Mississippi Regional Water Supply District Fund (Water District) – This fund is used to account for the activities of the water supply district as a blended component unit.

Fiduciary Funds

Agency Funds - Agency Funds are used to account for assets held by the City as an agent for employees, other individuals, private organizations, other governments, and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Component Units

As required by generally accepted accounting principles, these financial statements present the primary city government and its component units, entities over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships).

Blended component units, although legally separate entities, are, in substance, part of the City's operations and so data from these units are combined with data of the primary city government. The discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the city government.

Component units of the City, except the Tupelo Public Improvement Corporation, issue separately audited financial statements. Separate financial statements for the Water District and the Airport Authority may be obtained from the City's Budget and Accounting Department.

Blended Component Unit Presented with the Primary Government	Description of Activities and Relationship to the City	Presented As
Tupelo Public Improvement Corporation	This corporation accounts for most of the construction for the coliseum. Certificates of Participation were issued to finance this project with a pay-back period of twenty years.	Debt Service Fund

Component units are reported in the City's general purpose financial statements as shown in the following table:

Northeast Mississippi Regional Water Supply District (Water District)	This entity constructs and operates facilities to supply an alternative source of water to Tupelo, Lee County and adjoining areas. The Water District is governed by a Board of Commissioners consisting of eleven (11) members: five (5) appointed by Lee County, Mississippi, five (5) appointed by the City of Tupelo, and one (1) by a consensus of the two governments.	Enterprise Fund
	The Water District is reported as a component unit by the City of Tupelo under the fiscal dependency criterion. The Water District cannot, in substance, issue bonded debt because any bonded debt would be junior and subordinate to City of Tupelo Bonds issued for the project.	

CITY OF TUPELO
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

<u>Discretely Presented Component Unit</u>	<u>Description of Activities and Relationship to the City</u>
Tupelo Airport Authority (Airport Authority)	They plan, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate and protect the Airport and Air Navigation facilities. They also develop and operate an industrial park. The City appoints all members of the governing board and provides a material subsidy primarily for capital improvements.

The general purpose financial statements do not include funds of the Tupelo Public School District because the City does not have financial accountability for the school district.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets and liabilities, the statement of financial position will sometimes report a separate section for deferred outflows and deferred inflows of resources. These separate financial statement elements, deferred inflows and deferred outflows, represent a consumption of net position that applies to future periods (deferred outflows) or an acquisition of net position that applies to future periods (deferred inflows). The City has deferred outflows and inflows related to pensions. See Note 12 for further details.

LONG-TERM DEBT AND BOND DISCOUNTS / PREMIUMS

In the government-wide, proprietary, and component unit financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using a straight line method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

CAPITAL ASSETS

The City's property, plant, equipment and infrastructure with useful lives of more than one year are stated at historical cost or estimated historical costs and comprehensively reported in the government-wide financial statements. The City maintains infrastructure asset records consistent with all other capital assets. Proprietary and component unit capital assets are also reported in their respective fund and component unit financial statements. The City generally capitalizes assets with costs of \$5,000 or more. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City of Tupelo.

CASH AND INVESTMENTS

Cash consists of amounts on deposit with financial institutions in demand accounts, savings accounts and certificates of deposit with original maturities of three months or less from the date of acquisition.

Cash is valued at cost. Investments consist of US Treasury notes and US government securities funds. The City deposits funds in the financial institutions selected by the City Council in accordance with state statutes.

Deposits: *custodial credit risk* - the collateral for public entities' deposits in financial institutions is now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann. (1972). Under this program, the entities are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Investments: *interest rate risk* - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy is to hold all investments to maturity, thereby reducing any interest rate risk. *Credit risk* - State statutes, city bond ordinances and city resolutions authorize the City's investments. The City is authorized, by statute, to invest excess funds in any bonds or other direct obligations of the United States of America or the State of Mississippi, or of any county, municipality or school district of this state, when such county, municipal or school district bonds have been properly approved; or in interest-bearing time certificates of deposit with any financial institution approved for the deposit of funds. For reporting purposes, certificates of deposit are classified as investments. Investments are valued at cost or amortized cost except for investments in the Deferred Compensation Fund that are reported at market value.

INVENTORIES

Inventories for the Electric Fund and Combined Water and Sewer Fund are valued at average cost. Inventories for governmental fund types are valued at actual cost under the first-in, first-out method. The City uses the consumption method for inventories; thus, inventories are recorded as expenditures or expenses when they are used.

The Water District maintains a chemical inventory, which is recorded at cost (calculated on the first-in, first-out basis).

LOANS TO OTHER FUNDS OR OTHER GOVERNMENTAL UNITS

Advances represent the non-current portions (due after one year) of interfund loans or loans to other governmental units. The current portions of loans are reported as "Due From" in the asset accounts and are considered available resources.

CASH EQUIVALENTS

For purposes of the statement of cash flows, the Enterprise Funds consider all highly liquid investments (including restricted assets) with an original maturity of three months or less when acquired to be cash equivalents.

FUND BALANCES / NET POSITION

On the government-wide and proprietary fund statement of net position, the City reports net position in the following three categories:

Net Investment in Capital Assets – consists of capital assets net of accumulated depreciation reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition or construction of those assets.

Restricted Net Position – consists of assets, less any related liabilities, restricted externally by creditors, grantors, contributors, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – consists of net position that is not classified as net investment in capital assets or restricted net position.

GASB Statement No. 54. *Fund Balance Reporting and Governmental Fund Type Definitions* – this statement enhances the usefulness of fund balance information by providing clearer fund balance classifications and clarifying the existing governmental fund type definitions. The fund balance amounts for governmental funds have been reclassified in accordance with this GASB statement. See the below notes for further descriptions of the City's fund balance classifications and policies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

FUND BALANCES / NET POSITION – continued

On the fund financial statements, the governmental funds balance sheet reports assets in excess of liabilities as fund balances. The fund balances are segregated into the following classifications indicating the extent to which the City is bound to honor constraints on the specific purposes for which those funds can be spent:

Nonspendable – the fund balance is reported as nonspendable when the resources are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted – the fund balance is reported as restricted when constraints placed on the resources are (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – the fund balance is reported as committed for amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the council. Committed amounts cannot be uncommitted except by removing the constraints through the same formal action.

Assigned – the fund balance is reported as assigned for resources that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Intent can be expressed by the board of aldermen or an official to which the board has delegated the authority to assign amounts to be used for specific purposes.

Unassigned – the unassigned fund balance is the residual classification for the general fund. This classification represents general fund balance that is not otherwise reported as restricted or assigned to specific purposes. This classification is also used to report any negative fund balance in other governmental funds.

RESTRICTED ASSETS

Certain proceeds of revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the combined balance sheet because their use is limited by applicable bond covenants.

The Water District and the Tupelo Airport Authority reports as restricted all assets that are subject to legal, contractual and/or grant restrictions.

TOTAL COLUMNS ON COMBINED FINANCIAL STATEMENTS - OVERVIEW

Total columns on the Combined Financial Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Tupelo's participation in the Public Employees' Retirement System of Mississippi (PERS), and additions to/deductions from the City of Tupelo's fiduciary net position have been determined on the same basis as they are reported by the Public Employees' Retirement System of Mississippi (PERS). For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employees' Retirement System of Mississippi (PERS). Investments are reported at fair value.

RECLASSIFICATIONS

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 - FIREMEN AND POLICEMEN RETIREMENT FUND

The City maintains the Firemen and Policemen Retirement Fund (a Special Revenue Fund) for the purpose of making payments to the Public Employee's Retirement System (PERS) of Mississippi for the funding of pensions of firemen and policemen employed prior to March 1, 1976. During the fiscal year ended September 30, 1987, the PERS assumed control of the Municipal Firemen's and Policemen's Retirement System, under which these employees are covered, and the fund's assets previously held by a bank trustee were transferred to PERS at that time.

Revenues of the fund for the year ended September 30, 2019, consist of allocations of general property ad valorem taxes of \$795,014 and homestead exemption reimbursement of \$27,784 derived from a 1.61 mill levy. Accumulated plan benefit information, as estimated by consulting actuaries, and plan net position for the fund are as follows:

Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 5,451,441</u>
Assumed Rate of Return Used in Plan Evaluation	7.75%
Plan Evaluation Date	June 30, 2019
Plan Assets Available for Benefits as of June 30, 2019	<u>\$ 5,230,000</u>

The legislative act under which the retirement plan was established does not require the City to maintain statutory or actuarial reserves to provide for future requirements. Under the statute, if funds are insufficient to make all payments, the beneficiaries cannot file suit against the City, but amounts available are to be prorated until such time funds generated by the tax levy are sufficient to make all payments for the full amounts allowed. The Mississippi Legislature of 1976 passed House Bill 1471 which provided a new retirement system for uniformed and sworn firemen and policemen at the option of the municipality. The City of Tupelo exercised the option, and firemen and policemen employed subsequent to February 29, 1976 are members of the Public Employees' Retirement System of the State.

NOTE 3 - BUDGETARY BASIS

The Mayor and City Council generally follow the following proposed budget calendar of the State Department of Audit in establishing the budgetary data reflected in the financial statements:

- (1) The Mayor and City Council formulate the budget policy at the May board meeting.
- (2) Department budget requests are prepared by the appropriate people and submitted by the July board meeting.
- (3) A proposed budget is presented at the August meeting and a notice of public budget hearings and availability of the budget for inspection is published.
- (4) Between August 15th-30th a public hearing is held and the budget is adopted. The anticipated tax levy is reviewed to determine whether public notice is required on any levy.
- (5) Between September 1st-15th the budget must be adopted and the tax levy set.
- (6) Between September 1st-30th, in accordance with the City's population, the budget must be published in a municipal newspaper.
- (7) And, between September 15th-30th the budget as adopted should be written up, filed with the municipal clerk and public notice given of the availability of the budget for inspection. Expenditures may not legally exceed budgeted appropriations at the activity level. During the year, several supplementary appropriations were necessary.
- (8) Further, budgets are used as management control devices in the General Debt Service and Proprietary Funds. These budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP), except the Proprietary Fund recognizes all expenditures for debt as expense and no depreciation expense is recognized.

Section 21-35-25, Miss. Code Ann. (1972), provides for the revision of the final adopted budget. This law allows governing authorities to revise the budget at any time. The only exception is it is limited to one revision during the first three months of a new term of office, and this revision must be made by the last regular meeting in August.

At all other times, governing authorities must revise the budget (at a regular council meeting) to bring it into proper balance at any time a deficit is indicated or when it appears at any time prior to the regular July meeting that budgeted revenues will not materialize.

Public notice must be provided when budget amendments result in a 10 percent increase or decrease in a municipal department's total budget. For purposes of determining if a 10 percent change has occurred, all amendments made to a department's budget since its budget was originally adopted, or since the last adopted published revision, must be added together.

Section 21-35-15, Miss. Code Ann. (1972), provides that expenditures shall not exceed budget estimates, measured at the lowest level adopted in the budget, except for capital outlay, election expenses and payment of emergency warrants.

NOTE 3 - BUDGETARY BASIS – continued

The City budgets its Enterprise Funds as required by state law. However, the budgets were not on the "capital maintenance" measurement focus and were not in a format comparable to the actual reporting format used by the City to maintain its books and the format used to prepare the City's financial statements included in this report; consequently, comparison between budgeted amounts and actual results per the financial statements was not practicable.

NOTE 4 - GENERAL PROPERTY TAXES

General property taxes, other than motor vehicles and mobile homes, attach as an enforceable lien on property as of January 1 for the previous calendar year and are due by February 1 based on the levy set by the City Council the previous September. Taxes on motor vehicles and mobile homes attach as an enforceable lien at various dates throughout the year based on when the property was acquired by the owner and are due in the month of acquisition and annually thereafter based on the annual levy in effect at that time. All property taxes, including motor vehicle taxes, are collected by the Lee County Tax Collector and remitted to the City. The County Tax Collector also collects taxes for the Tupelo Public School District (TPSD), which includes property outside the City limits, but within the School District.

The adjusted assessed valuation of the taxable property of the City and the Tupelo Public School District for which current payment was due during the fiscal year ended September 30, 2019 is as follows:

	City	TPSD
Real Property	\$ 346,801,455	\$ 14,268,098
Personal Property - Other Than Motor Vehicles & Mobile Homes	92,892,718	27,377,602
Personal Property - Motor Vehicles & Mobile Homes	61,317,856	4,283,246
	\$ 501,012,029	\$ 45,928,946

The City levied a tax millage of 32.47 mills and 64.10 mills on the assessed valuation of the City and Tupelo Public School District property, respectively. The millage was allocated as follows:

	City	TPSD
General Fund	12.94	0.00
Library Fund	0.97	0.00
City Bond and Interest Fund	6.95	0.00
Firemen and Policemen Retirement Fund	1.61	0.00

NOTE 6 - LONG-TERM DEBT

BONDS PAYABLE

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds include General City Bonds, G. O. Water Bonds, and Special Obligation, and School Bonds.

During 2019, the City issued special obligation bonds, series 2019, in the amount of \$15,000,000. The purpose of this bond issue is to provide funds for Coliseum improvements. Also, during 2019, the City issued general obligation water current refunding bonds in the amount of \$6,385,000 to refund the outstanding balances on the 2008 Series general obligation water refunding bonds. As a result, the refunded bonds have been fully redeemed in the current fiscal year and the liability has been removed from the governmental activities column in the statement of net position. The current refunding reduced total debt service payments over the next fifteen years by \$844,131. This results in an economic gain (difference between the present value of the debt service payments on old and new debt) of \$743,048.

Special Assessments General Obligation Bonds are secured by an irrevocable pledge of the special assessment ad valorem taxes to be levied annually upon the property benefited by the project. The full faith, credit and resources of the City are irrevocably pledged for the payment of the principal and interest on the bonds.

Limited Obligation Tax Increment Bonds are secured by an irrevocable pledge of the ad valorem taxes to be levied annually upon incremental increase in assessed value of all taxable real property within and forming a part of The Mall at Barnes Crossing Project.

NOTE 6 - LONG-TERM DEBT – continued

STATE REVOLVING LOANS

Northeast Mississippi Regional Water Supply District has incurred long-term debt with the Drinking Water Systems Improvements Revolving Loan Fund as administered by the Mississippi Department of Health and the Mississippi Department of Environmental Quality in conjunction with two construction projects. The loan balances increase when administrative fees (deferred charges to be amortized over the life of the loan) were charged and project costs were reimbursed. Interest began accruing on the original construction contract completion date at 3%. Interest accrued before the initiation of the repayment schedule will be added to the amount of the loan to be repaid. The loans are payable in 236/237 monthly installments.

NOTE 8 - TVA HOME INSULATION PROGRAM - ELECTRIC FUND

Other Assets of the Electric Fund include \$231,096 receivable from customers for energy conservation loans and represents unbilled amounts due from customers as a result of their participation in an energy conservation program sponsored by TVA in which customers install energy conservation measures approved by a TVA energy advisor. The installation charges are paid by the Electric Department and billed to the customer over a period of time on the customer's monthly utility bill. TVA reimburses the Electric Department for amounts paid out under the program. Repayments are made to TVA by the Electric Department as collections are made from the customers. Advances from TVA for energy conservation loans represent the amounts advanced by TVA, net of repayments, under this program.

NOTE 11 - CONTRIBUTED CAPITAL

Certain expenditures for airport capital improvements are significantly funded through the Airport Improvement Program (AIP) of the Federal Aviation Administration, with certain matching funds provided by the City of Tupelo and State of Mississippi. Capital funding provided under government grants is considered earned as the related allowable expenditures are incurred. Grants for capital asset acquisition, facility development and rehabilitation are reported as Capital Contributions in the Statement of Revenues, Expenses and Changes in Net Position.

The Water and Sewer fund recognizes capital grants and contributions in the Statement of Revenues, Expenses, and Changes in Net Position when received by an intermediary governmental entity.

NOTE 12 - DEFINED BENEFIT PENSION PLAN

Plan Description - Employees of the City of Tupelo and the Tupelo Airport Authority are provided a defined benefit pension plan through the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing agent multiple-employer pension plan. The Public Employees' Retirement System of Mississippi (PERS) was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in the System, and elected members of the State Legislature and the President of the Senate. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits Provided - For the cost-sharing plan participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less (the actuarial reduction for less than 30 years or below age 65 apply only to those who became members on or after July 1, 2011). Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service.

A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

Employee membership data related to the Plan, as of June 30, 2018 was as follows:

Inactive Members or Beneficiaries Currently Receiving Benefits	104,973
Inactive Members Assumed Eligible for a Benefit at Retirement Date	16,578
Inactive Members Assumed Not to Receive Service Retirement Benefits	52,763
Active Members	<u>150,687</u>

NOTE 12 - DEFINED BENEFIT PENSION PLAN – continued

Contributions - The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. PERS members are required to contribute 9.00% of their annual covered salary and the City of Tupelo is required to contribute at an actuarially determined rate. The current rate is 17.40% of annual covered payroll. The contributions are deducted from the employees' wages or salary and remitted by the City to PERS on a monthly basis. By law, employer contributions are required to be paid. The employer's actuarially determined contribution and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

The following detailed analysis of payroll, pension liability, liability percentage, pension expense, deferred outflows, and deferred inflows, will be divided among the City of Tupelo (all funds except the following), the Coliseum Project Fund, Northeast Mississippi Regional Water Supply District (Water District), the Tupelo Airport Authority, the Water and Sewer Fund, and the Electric Fund (as of June 30, 2019). Separate employer contributions and employer allocation percentages are required for each of these entities.

Covered payroll below refers to all compensation paid to active employees covered by the Plan.

For the year ended September 30, 2019, the City of Tupelo's total payroll for all employees was \$17,259,910. Total covered payroll was \$16,740,741.

For the year ended September 30, 2019, the Coliseum Project Fund's total payroll for all employees was \$1,265,265. Total covered payroll was \$890,265.

For the year ended September 30, 2019, the Water District's total payroll for all employees was \$63,973. Total covered payroll was also \$63,973.

For the year ended September 30, 2019, the Tupelo Airport Authority's total payroll for all employees was \$398,333. Total covered payroll was \$359,150.

For the year ended September 30, 2019, the Water and Sewer Fund's total payroll for all employees was \$1,482,662. Total covered payroll was \$1,462,847.

For the year ended June 30, 2019, the Electric Fund's total payroll for all employees was \$2,119,257. Total covered payroll was \$2,104,997.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions - At September 30, 2019, the City of Tupelo reported a liability of \$45,415,438 for its proportionate share of the net pension liability. The City of Tupelo share does include the Solid Waste Fund. The Coliseum Project Fund reported a liability of \$2,480,116 for its proportionate share. The Water District reported \$175,916, the Tupelo Airport Authority reported \$979,345, and the Water and Sewer Fund reported \$4,007,453. The Electric Fund as of June 30, 2019 reported a liability of \$5,429,391 for its proportionate share of the net pension liability.

NOTE 12 - DEFINED BENEFIT PENSION PLAN – continued

The net pension liability was measured as of June 30, 2019, and the total pension liability percentage used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Tupelo's proportion of the net pension was based on a projection of the City of Tupelo's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2019, the City of Tupelo's proportion was 0.25816 percent. At June 30, 2019, the proportionate share for the Coliseum Project Fund was 0.01410 percent. At June 30, 2019, the proportionate share for the Water District was 0.0010 percent. At June 30, 2019, the proportionate share for the Tupelo Airport Authority was 0.00557 percent. At June 30, 2018, the proportionate share for the Water and Sewer Fund was 0.02278 percent.

For the Electric Fund, the net pension liability was measured as of June 30, 2018, and the total pension liability percentage used to calculate the net pension liability was determined by an actuarial valuation as of that date. At June 30, 2018, the Electric Fund's proportion was 0.03264 percent.

For the year ended September 30, 2019, the City of Tupelo (including the Solid Waste Fund) recognized pension expense of \$2,570,439. At September 30, 2019, the City of Tupelo reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 12 - DEFINED BENEFIT PENSION PLAN – continued

Mortality rates for June 30, 2019 were based on the RP-2014 Healthy Annuitant Blue Collar Table projected Scale BB to 2022, with rates set forward one year for males with adjustments. Mortality rates for June 30, 2018 were based on the RP-2014 Healthy Annuitant Blue Collar Table projected Scale BB to 2022, with rates set forward one year for males with adjustments.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2016. The experience report is dated April 18, 2017. The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2016. The experience report is dated April 18, 2017.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	27.00 %	4.90 %
International Equity	22.00	4.75
Global Equity	12.00	5.00
Debt Securities	20.00	1.50
Real Estate	10.00	4.00
Private Equity	8.00	6.25
Cash Equivalents	1.00	0.25
Total	100.00	

Discount Rate - The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the former employer contribution rate (15.75%) through June 30, 2019 and at the current contribution rate (17.40%) thereafter. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 14 - INVESTMENTS WITH FINANCIAL INSTITUTIONS

Investments held during the fiscal year consisted only of the types of investments held at the end of the fiscal year. Investments made by the City that are included on the combined balance sheet at September 30, 2019, are summarized below. The investments that are represented by specific identifiable investment securities are classified as to credit risk by the categories described below:

- Category 1 - Insured or registered or for which the securities are held by the City or its agent in the City's name.
- Category 2 - Uninsured and unregistered for which the securities are held by the broker or dealers trust department or agent in the City's name.
- Category 3 - Uninsured and unregistered for which the securities are held by the broker or dealer, or by its trust department or agent but not in the City's name.

NOTE 15 - LIABILITY FOR COMPENSATED ABSENCES

The General Fund did not have any liability at September 30, 2019, for vested, but unused, vacation or overtime since none of the City's liability at that date applicable to employees whose compensation is reflected as an expenditure in its governmental funds is expected to be liquidated with expendable available financial resources.

A liability for vested, but unused, vacation and overtime did exist at September 30, 2019, for the General Long-Term Debt Account Group, the Combined Water and Sewer Fund, and the Tupelo Airport Authority, and at June 30, 2019, for the Electric Fund and has been reflected in these financial statements.

CITY OF TUPELO
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE 15 - LIABILITY FOR COMPENSATED ABSENCES – continued

As provided by Statement of Financial Accounting Standards No. 43, *Accounting for Compensated Absences*, the primary government and the Airport Authority do not have any liability for unused sick leave accumulated by its employees since the employees do not have a vested right to receive sick pay benefits; i.e., the employees' rights to receive compensation for future absences for sick leave is contingent on the absences being caused by the employee's future illness resulting prior to termination of his/her employment with the City or the Airport Authority.

NOTE 16 - ACCOUNTS RECEIVABLE

Receivables for accounts of the Electric Fund (an Enterprise Fund) have been reduced by \$74,110 to reflect the provision for uncollectible accounts. The accrual amount of court fine receivables on the Statement of Net Position – Government – Wide has been reduced by \$9,380,381 to reflect the provision for uncollectible fines.

NOTE 17 - SOLID WASTE DISPOSAL SERVICE AGREEMENT

The City is party to a service agreement with Three Rivers Solid Waste Management Authority (Authority). The Authority agreed to construct and operate facilities for the disposal of solid waste. The City agreed to deliver all acceptable solid waste over which it has legal authority to control to the Authority for disposal. By reason of the incorporation agreement of the Authority and the service agreement between the City and the Authority, the City is a voting member of the Authority. In addition, the City remains obligated to pay its pro rata share of the Authority's bonded indebtedness incurred during the City's membership in the Authority. Financial statements of the Authority are available.

NOTE 18 - SOLID WASTE MANAGEMENT FUND

Pursuant to Section 17-17-347, Mississippi Code Annotated (1972), the City of Tupelo has established a solid waste management system accounted for through an enterprise fund to determine the full and complete cost for solid waste management within the service area.

NOTE 19 - GENERAL OBLIGATION WATER BONDS

In 1988, the State of Mississippi authorized through legislation the issuance of general obligation bonds by the City of Tupelo for the construction and acquisition of alternative source water supply facilities and payment of interest on bonds, establishment of reserves to secure such bonds and payment of expenses incident to the issuance of such bonds. The act also provided for the imposition of a specific sales tax, at the rate of one-quarter of one percent upon all sales and services within the City of Tupelo which are subject to the general rate of state sales tax, the proceeds of which are to be used to pay for fifty percent (50%) of the cost of construction and financing of the project.

Pursuant to this act, the City of Tupelo, on February 2, 1989, issued \$21,000,000 in general obligation bonds and transferred the proceeds to the Northeast Mississippi Regional Water Supply District. The full faith, credit and resources of the City of Tupelo are irrevocably pledged for the payment of the principal and interest on the bonds. On August 1, 1996, the City refunded a portion of the Series 1989 bonds as more fully explained in Note 20. On December 17, 2008 the Series 1989 bonds were refunded in their entirety and City of Tupelo issued \$9,995,000 in General Obligation Water Bonds Series 2008. On May 31, 2019, the City refunded the remaining portion of the 2008 Water Refunding Bonds with the 2019 \$6,385,000 General Obligation Water Refunding Bonds. Although refunded, the bond covenants and agreements from the Series 1989 issue remain in effect.

NOTE 19 - GENERAL OBLIGATION WATER BONDS – continued

In connection with the issuance of the above bonds, a trust indenture involving the City of Tupelo, the Northeast Mississippi Regional Water Supply District, and Hancock Bank was executed. As per the terms of this trust indenture, various agreements were reached and trust accounts were established as follows:

1. The bond proceeds were placed in the "Water Construction Fund" trust account and are an asset of the Water District, which shall own and manage the system.
2. The debt service on the bonds is to be handled through the "Water Supply Bond Fund" trust account. The assets in this trust account and its two subaccounts, the "Special Sales Tax Subaccount" trust account and the "Water Revenue Subaccount" trust account, are assets of the City of Tupelo and are reflected in its Water G. O. Bonds Fund (a Debt Service Fund).

The assets of the "Special Sales Tax Subaccount" can only be used to pay up to 50% of each debt service disbursement; the remainder must come from the other subaccount or other sources. The Water District, which owns the system, has pledged a sufficient portion of its revenues to the payment of the principal and interest on the bonds as they come due to the extent not paid with the proceeds of the special sales tax.

The Water District's billings for water include an amount to pay the remaining 50% of each debt service disbursement. The City of Tupelo treats this amount as a transfer to the Water District for debt service. The Water District reflects these payments as water revenues. Total water fees reported by the City as debt service transfers to the Water District for the year ended September 30, 2019 was \$1,188,676.

NOTE 20 - DUE FROM CITY OF TUPELO WATER BONDS CONSTRUCTION FUND

On December 17, 2008, the City of Tupelo issued \$9,995,000 in General Obligation Water Bonds Series 2008 and executed an Agreement with the Water District. The agreement provides that the City of Tupelo will take the necessary steps to issue the aforementioned bonds and shall deposit the balance of the proceeds with a trustee for use by the District. The use of the bonds shall be for the plant expansion project. The balance on deposit with the Trustee at September 30, 2019, was \$0, which is reported as Due From Trustee.

NOTE 21 - RISK MANAGEMENT

The City of Tupelo is exposed to various risks of losses related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs of the City except for certain employment practices liabilities, certain environmental liabilities, workers' compensation liabilities funded through a public entity risk pool, and catastrophic natural disasters that may exceed insurance coverages for which the City retains the risk of loss.

Risk of loss related to workers compensation for injuries to City employees is covered through the Mississippi Municipal Workers Compensation Group, a public entity risk pool. The pool was formed on March 28, 1989, by the Mississippi Nonprofit Corporation Act, pursuant to Section 71-3-75, Mississippi Code Annotated (1972), to provide public entities within the State of Mississippi workers compensation and employers liability coverage. The City pays premiums to the pool for its workers' compensation insurance coverage based on total payroll. The participation agreement provides that the pool will be self-sustaining through member premiums. The risk of loss is remote for claims exceeding the pool's retention liability. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create

claims, but for which none have been reported, are considered. For insured programs there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE 22 - CONTINGENT LIABILITIES

Litigation

The City is a defendant in various litigations arising out of normal business activities. Although the City carries commercial insurance to protect itself against damage claims, it is possible that the ultimate resolution of cases may exceed the City's insured limits. Management, with the advice of legal counsel, is of the opinion that the ultimate resolution of these matters will not have a material adverse effect on the financial statements.

Federally Assisted Programs – Compliance Audits

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

NOTE 23 - ECONOMIC DEPENDENCY

The Electric Department of the City of Tupelo had sales to one major customer for the year ended June 30, 2019 (its year-end) of \$6,245,884. This represented approximately 11.3% of the Department's revenues for the year.

NOTE 24 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates used in preparing these financial statements include those assumed in computing the net pension liability and the provision for uncollectible court fines as mentioned in Note 12 and Note 16, respectively. It is as least reasonably possible that the significant estimate used will change within the next year.

NOTE 25 - BUDGET / GAAP RECONCILIATION

The major difference between the budgetary basis and the GAAP basis is:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

NOTE 26 - CONSTRUCTION AND OTHER COMMITMENTS

The City of Tupelo and its component units have entered in the following commitments:

<u>To Be Paid By</u>	<u>Description</u>	<u>Amount Authorized</u>	<u>Expended through September 30, 2019</u>	<u>Remaining Commitment at September 30, 2019</u>
General City	Ballard Park Baseball Complex	\$ 1,559,278	\$ 1,516,752	\$ 42,526
		\$ 1,559,278	\$ 1,516,762	\$ 42,526

NOTE 27 - INTERFUND TRANSACTIONS

Interfund transactions are either loans, services provided, reimbursements, or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Services, deemed to be reasonably equivalent in value, are treated as revenues and expenditures / expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are presented as transfers. Transfers within governmental activities or within business-type activities are eliminated upon consolidations in the government-wide statements.

NOTE 28 - TAX ABATEMENTS

The City enters into property tax abatement agreements with local businesses for economic development purposes. The abatements may be granted to any business located within or promising to locate within the city limits. The abatements are negotiated on an individual basis. Each abatement is for 10 years. The City had seventy-tax abatement agreements with eighteen entities as of September 30, 2019.

The City had three types of abatements, none of which provides for the abatement of school or state tax levies:

- Section 27-31-101 – New enterprise exemptions
- Section 27-31-105 – Expanded enterprise exemptions
- Section 27-31-104 – Fee in lieu of tax agreements

All twenty-three entities had tax abatements listed under the above listed statutes.

Category	Amount of taxes abated during the fiscal year
New and expanded industrial enterprises	\$519,691

The companies were not required to comply with any special provisions in order to receive the abatements and the City made no commitments as part of the agreements other than to reduce taxes. Abatements may be voided pursuant to state law in the event of a cessation of company operations.

NOTE 29 - SUBSEQUENT EVENTS

Events that occur after the statement of net position date, but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net position date require recognition in the financial statements. Subsequent events that provide evidence about conditions that existed after the statement of net position date require disclosure in the notes to the financial statements. Management evaluated the activity of the City through March 31, 2020, (the date the financial statements were available to be issued) and noted the following items which require disclosure in the notes to the financial statements. In October 2019, the City awarded bids for Coliseum improvements and additions in the amount of \$13,251,707.

Date of Management Evaluation

Management has evaluated subsequent events through March 31, 2020, the date on which the financial statements were available to be issued.

For the year ended September 30, 2019

Changes of Assumptions

- 2019 The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
- For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.
 - For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.
 - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:

- For males, 137% of male rates at all ages.
- For females, 115% of female rates at all ages.
- Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

- 2017 The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumption was reduced from 3.75% to 3.25%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

- 2016 The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

- 2015 The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

CITY OF TUPELO, MISSISSIPPI
Notes to the Required Supplementary Information
For the year ended September 30, 2019

Changes of Assumptions (continued)

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes of Benefit Provisions

2016 Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

CAPITAL PROJECTS FUND

Capital Projects are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

City Capital Project Fund – This fund is used to account for general construction for the City of Tupelo that is not specifically accounted for in any other capital project fund.

Fairgrounds Construction Fund – This fund is used to account for the costs of constructing the Fairgrounds Redevelopment Project.

City Infrastructure Fund – This fund is used to account for projects approved in the City of Tupelo's 5 year capital plan. The funding for these projects will include G.O. Bonds, general fund money, and grants.

Thoroughfare Funds Phase V and VI – These funds are used to account for the cost of constructing, improving or paving streets, sidewalks, driveways, parkways, walkways or public parking facilities, and purchasing land for these purposes. A 10.00 mill special property tax will be levied for the next five years to finance this project.

Special Obligation Capital Fund – This fund is used to account for the projects approved by Council and funded with Special Obligation Bond proceeds. This is a major fund.

SIGNIFICANT ACCOUNTING POLICIES:

The accompanying Schedule of expenditures of federal awards includes the federal award activity of the City of Tupelo, Mississippi under programs of the federal government for the year ended September 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The City has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Council
City of Tupelo, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Tupelo, Mississippi as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Tupelo, Mississippi's basic financial statements, and have issued our report thereon dated March 31, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Tupelo, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Tupelo, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Tupelo, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Tupelo, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and City Council
City of Tupelo, Mississippi

Report on Compliance for Each Major Federal Program

We have audited the City of Tupelo, Mississippi's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Tupelo, Mississippi's major federal programs for the year ended September 30, 2019. The City of Tupelo, Mississippi's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Tupelo, Mississippi's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Tupelo, Mississippi's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Tupelo, Mississippi's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Tupelo, Mississippi, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the City of Tupelo, Mississippi, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Tupelo, Mississippi's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Tupelo, Mississippi's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT
ON COMPLIANCE WITH STATE LAWS AND REGULATIONS**

Mayor and City Council
City of Tupelo, Mississippi

We have audited the financial statements of the City of Tupelo, Mississippi, as of and for the year ended September 30, 2019, and have issued our report thereon dated March 31, 2020. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*.

As required by the State legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the general purpose financial statements disclosed no material instances of noncompliance with state laws and regulations.

This report is intended for the information and use of management, federal awarding agencies, the Office of the State Auditor, and pass-through entities and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
