School Age Supervisor

January 14, 2021

Dear School Community,

Broadmoor School is committed to the safety and health of our students and staff. We want to inform you that we have recently received information about at least one student or staff person who has tested COVID positive at Broadmoor School. Cleaning and disinfecting of the exposed location has been completed.

Broadmoor School will remain *OPEN* at this time. We are working closely with the Lake County General Health District and anyone identified as a close contact will be notified by the health department as a part of COVID-19 investigation.

How You Can Help

Be proactive about reducing the number of interactions that students and staff have with one another by practicing social distancing (staying at least 6 feet apart) to limit the spread of COVID-19. In addition to physical distancing, these important tools help to prevent the spread of COVID-19:

- Stay home when you are sick.
- Wear a mask or face covering while in public places or if people who don't live with you must visit your home.
- Avoid unnecessary gatherings with people who don't live in your home.
- Avoid sharing food, drinks, or utensils.
- Wash your hands often with soap and water for at least 20 seconds. Sing the Happy Birthday song twice to help know when it has been 20 seconds. If soap and water are not available, use alcohol-based hand sanitizers that contain at least 60% alcohol.
- Cover your coughs and sneezes with a tissue, and then dispose of the tissue and wash your hands immediately. If you do not have a tissue, use your sleeve, not your hands, to cover coughs and sneezes. If you are experiencing cough or congestion, consider staying home and seeking medical care.
- Regularly clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipes. The Centers for Disease Control and Prevention recommends cleaning of frequently touched surfaces with household cleaners and EPA-registered disinfectants that are appropriate for the surface, following label instructions. A simple bleach solution may also be utilized.

If you have any questions, contact *Linda DeRosa* at 440-602-1000 or the Lake County General Health District at 440-350-2188. Thank you for helping to keep people safe and to slow the spread of COVID-19 in our community and school.

For answers to your COVID-19 questions, call 1-833-4-ASK-ODH (1-833-427-5634) or visit [coronavirus.ohio.gov](https://www.coronavirus.ohio.gov).

Sincerely,

Linda DeRosa

Director of Children Services/Principal, Broadmoor School

EMPOWER individuals with developmental disabilities to ENGAGE in activities that ENRICH their lives and contribute to their community.
