

Lancaster Watershed Leadership Academy - Revised Partial Syllabus

Hello scholars! While we are sad to not be together in recent months, your health and safety are our priority. Thank you for your dedication to this course and to the ways we need to be flexible in the current pandemic situation. We are committed to providing a local leadership experience that is both authentic and empowering. In person is the best way to do that, exploring Lancaster locations and meeting local experts; however, we don't have that option at the current time. So we will pivot!

In an effort to provide what we want to deliver in a watershed and leadership training plus provide what you paid for and expect from this course, we have revised the syllabus as best we can. We had originally planned to end the sessions in November 2020 with the action project check-in taking place in mid-2021; however this new syllabus pushes our sessions through mid-2021 and the action project check-in to late 2021. We recognize this extended timeline is not what you originally had in mind and may not fit what you're able to commit to. Although we hope that you can!

Please reach out if you have any questions or concerns. This is an open and evolving process.

This course follows Penn State directives. As of May 5th, Penn State is not allowing in-person events. A **tentative** schedule follows (subject to change as session details are finalized):

January 2020 session (Watershed Basics)	Complete
February 2020 session (Water Is Life)	Complete
March and April 2020 sessions postponed due to COVID19	
May 16, 2020	Virtual session from 9-10am: group check-in, review assignments so far, and updates about action project status
June 13, 2020 - One of you will be assigned to introduce the guest speaker. You will receive their bio and contact information ahead of time.	Virtual session from 9-10:30am, content is TBD
July 2020 - One of you will be assigned to introduce the guest speaker. You will receive their bio and contact information ahead of time.	Optional Virtual Session - A 90 minute virtual session will be scheduled if a face-to-face check-in is not possible yet.
