

Short-Term Contract Opportunity

Title:	Surveyor – Engineering Support	Dates Required:	August 26 – 31, 2019
Location:	Mount Nansen Mine Site		

SCOPE OF SERVICES REQUIRED

Scope of services:

- One-person survey crew (GPS survey: rover, base station, controller, tripod, etc. equipment to be calibrated and proof of calibration to be provided).
- Tying into existing reference monuments and benchmarks for survey control on the site.
- Surveying locations of test pits and the extends of current site features.
- Setting out potential future work to the correct lines and grades using grade stakes (drawings or point coordinate tables to be provided).
- Data including monuments and benchmarks in each file to be provided to MNRLP in .csv format by email.
- Surveys to be documented in an electronic log book (to be provided by MNRLP).

Must be available for all six (6) days of the field program.

Must bring personal safety equipment for work on site (hi-vis vest, hard hat, appropriate boots, safety glasses).

Must adhere to MNRLP health & safety requirements.

CONTACT

Please contact or send your resume and rates to Daniel Jenkins at danielj@jdsmining.ca or 604-813-1792 by **August 14, 2019**.

MOUNT NANSEN REMEDIATION LIMITED PARTNERSHIP

Mount Nansen Remediation Limited Partnership (MNRLP) is a joint venture between JDS Energy & Mining Inc. and Alexco Environmental Group Inc., responsible for care & maintenance and eventual remediation/ closure of the abandoned Mount Nansen Mine site. We are in Phase 1 of the project, involving the regulatory authorization processes. MNRLP will take over site care & maintenance in 2020. Remediation construction will start in 2023.
