REQUEST: Approval of contract with Speridian Technologies, LLC to provide consulting services to develop an enterprise wide mobile electronic data collection system to assist the Authority with meeting its obligations for Housing Inspection and Compliance for federally funded housing projects (the "Contract"). This is a one (1) year Contract with an option to renew for an additional one (1) year at the sole discretion of the Authority.

OVERVIEW: In an effort to meet its obligations under 24 CFR §92 and to clear long standing audit findings, the Authority seeks to develop a method to be more efficient with housing inspections and compliance reporting. Therefore, it has sought the services of a consultant for an enterprise wide mobile electronic data collection system to assist the Authority with obligations for Housing Inspection and Compliance reporting.

With responsibility for monitoring approximately 4,000 residential rental units at various stages within the HOME and NSP compliance periods with a small staff, we are requesting the assistance of a consultant to develop an enterprise wide mobile electronic data collection system for use on an Android or Apple Tablet.

In April 2015, the Authority issued a Request for Proposals for consulting services for an enterprise wide mobile electronic data collection system to assist the PRA with obligations for Housing Inspection and Compliance. All bids were due by May 4, 2015. The Authority received one (1) response to the RFP:

The Authority selected Speridian Technologies, LLC, the only responder to the Request for Proposals for Compliance Monitoring Services.
The Contract will be based on a one-time Implementation fee of One Hundred Five Thousand Dollars ($105,000), Support fees at Sixty-Five Dollars ($65.00) per hour, actual travel costs up to Ten Thousand Dollars ($10,000). The Contract will be for a term of one (1) year with an option to renew the Contract for an additional one (1) year term at the sole discretion of the PRA. Based on the above, approval is sought to enter into the Contract and expend an amount not to exceed One Hundred Twenty-Five Thousand Dollars ($125,000) under and pursuant to the Contract.

Proposed Resolution is attached.

Request: Approval of a professional services contract not to exceed Thirty Thousand Dollars ($30,000) between the Authority and Wallace Roberts & Todd, LLC ("WRT") to complete the Logan Neighborhood Plan.

Background: The Logan Neighborhood is located in Upper North Philadelphia and is most commonly associated with Logan Triangle, a large 40 acre site north of Roosevelt Boulevard. Logan Triangle is bounded by Loudon on the north, 11th on the west, Wingohocking on the south, Roosevelt Boulevard on the southeast and Marshall on the east.

In the 1980s, the City and Federal governments relocated all residents and businesses in this area due to significant subsidence issues. The geotechnical issues that caused subsidence still exist but vary significantly throughout the site. It has been determined that certain portions of the site may be suitable for redevelopment.

In 2012, the Authority acquired the parcels through condemnation and was working with Logan CDC, the local neighborhood group, on coordinating redevelopment plans for the area. In 2014, Logan CDC ceased operations and work on the neighborhood plan was put on hold.

The remaining scope of work on the WRT contract is approximately Thirty Thousand Dollars ($30,000). The Board is requested to approve this contract so that the Authority may fund the completion of the Logan Neighborhood Plan. These costs may be supplemented by NTI Tax Exempt Funds, grants or otherwise paid for by Authority net assets.

Mailing Address: 530 S. 2nd Street, Suite 110, Philadelphia, PA 19147

PROPERTY INFORMATION:

Description: The Divine Lorraine is one of the most significant and visible developments on North Broad Street. Built in 1894 as a 10-story apartment building with an attached 6-story utility annex, it was converted to a hotel in 1900 and subsequently sold to the Divine Peace Mission in 1948. It operated as a hotel and mission center until 1999 and has been vacant since. The property is listed in the National Register of Historic Places and the City of Philadelphia Historic Commission. The property has been sold four times since 2000, most recently to Divine Intervention Hotel, LP, an entity controlled by Eric Blumenfeld.
The Divine Intervention Hotel, LP, was created for the sole purpose of the building’s redevelopment. The developer, Eric Blumenfeld is an established residential developer in Philadelphia whose portfolio includes Lofts at 640, Marine Club, Abbotts Square on South Street and most recently the redevelopment of the Thaddeus Stevens School at Broad and Spring Garden Streets. The Divine Lorraine development team also includes WRT Architects and Planners and Domus, Inc. who will be serving as the General Contractor. The building will be managed by EB Realty Management Company upon lease up and operation.

The development sits on a site that is approximately 0.34 acres and 14,780 square feet and is surrounded by vacant land to the east, public streets to the north, south and west. The adjacent lots to the east are separately owned by a different developer and plans to redevelop the adjoining area are currently in the works. The gross building area is approximately 125,000 square feet and the current zoning is CMX-4, Center City Commercial Mixed-Use. The rehabilitation will create 109 apartment units with 1-3 bedroom units and ground floor commercial space. Tenants for the commercial space have been identified but no leases have been signed.

Total development costs are approximately Forty Million Nine Hundred Twenty-Five Thousand Dollars ($40,925,000). The development is being financed primarily with a loan from 100 Mile. The PRA loan will be pooled with the 100 Mile loan under the Participation Agreement and collateralized with ownership stakes in the Blumenfeld portfolio and personal assets. Additional sources include Redevelopment Assistance Capital Program and historic tax credit equity.

REQUEST: Approval to redeem outstanding bonds related to the Residential Mortgage Loan Revenue Bond Program and the sale of the mortgage portfolio related to the Philadelphia Home Improvement Loan ("PHIL") program that was closed August 2013.

OVERVIEW: Through a series of Trust Indentures, first created in 1981 and last amended in 2006, the Authority issued tax-exempt and taxable Residential Mortgage Loan Revenue Bonds, the proceeds of which were used to sponsor several residential mortgage loan programs. These programs include:

- Note purchase agreements with lending institutions for the purchase of notes and mortgages that are insured under FHA Title I Property Improvement Insurance Program.

- Purchase of mortgage pass-through mortgage backed security certificates guaranteed by the Federal National Mortgage Association.

The PHIL loan program was closed in FY 14 and an RFQ to identify a consultant to assist in the sale of the loan portfolio was issued. The Authority received three (3) bids from qualified financial consultant groups and selected Forsyth Street Advisors ("Forsyth") to assist with the sale of the mortgage portfolio.

Forsyth has recommended that the Authority redeem all outstanding bonds totaling $8.97mm, with $13.7 mm liquid assets held in various trust indenture accounts for the bond program. The immediate redemption of all outstanding bonds will allow approximately $4.7mm in liquid assets to be released per the bond indenture.

Once the bonds are redeemed, the entire loan portfolio will be free from the lien of the bond indenture and Forsyth, with guidance from the Authority, will actively market the sale of the portfolio.

Proposed Resolution is attached.

NAME OF DEVELOPER/APPLICANT: School District of Philadelphia ("School District")

Nature of Transaction: The Board is requested to authorize the conveyance by quitclaim of the renovated property located at 131-35 E. Rittenhouse Street (the "Parcel") in the Germantown Redevelopment Area, Morton Urban Renewal Area. The Parcel was part of a larger redevelopment project as described in that certain Redevelopment Agreement between the Authority and the School District dated November 9, 1964 ("Redevelopment Agreement"). Pursuant to the Redevelopment Agreement, the Fulton School was built on the property, which includes the Parcel. The Parcel has been used exclusively for decades by the Fulton School as a playground and the Office of Property Assessment lists the School District as the owner of the Parcel.

Notwithstanding the above, although all other parcels under the Redevelopment Agreement were conveyed to the School District, it does not appear that the Parcel was ever conveyed and no party has been able to locate a deed of conveyance. Because this was likely a clerical oversight and the property was fully developed under the Redevelopment Agreement, the School District is now requesting that the Authority execute a quitclaim deed to clear up any discrepancies with title to the Parcel.

PROPERTY INFORMATION: 131-35 E. Rittenhouse Street

Conveyance Price: $10.00

COMMENTS OR OTHER CONDITIONS:

The Authority staff recommends approval of this conveyance.

The Authority typically conveys development sites at the time of construction; however, due to what appears to be clerical oversight, the subject Parcel was not included with the conveyance of the larger project site. Due to the fact that the documentation with respect to this Parcel could not be located as this project occurred nearly fifty (50) years ago, and the fact that the School District has been using the Parcel since 1964, the Authority has been requested to execute a quitclaim deed to transfer any rights it may have to the Parcel.

Proposed Resolution and supporting conveyance information are attached (site map and photographs).
