EXECUTIVE DIRECTOR'S REPORT

Mr. Heller stated that there are several items he wanted to present. First, Mr. Heller welcomed three new employees to PRA staff: Nia Turner is our new Paralegal, Domenic Ellis joins our
construction staff as a cement mason, and Nieko Holdsworth joins our construction staff as a carpenter apprentice.

Next Mr. Heller officially wished Val Pasquarella congratulations on his retirement and thanked him for his more than 15 years of service at the PRA.

Next, Mr. Heller stated on Thursday, July 26th, the PRA held the final public meeting for the Lower Eastwick Public Land Strategy planning process. A survey from that meeting seeking feedback on the public process is posted on the PRA's website and we are accepting public comment until August 31st. Also, the full presentation from that meeting is posted on the PRA's website and the Authority is accepting public comment on the presentation until October 31st. The PRA appreciates the commitment and partnership of the community on this process and we look forward to shifting from planning to implementation.

Next, Mr. Heller stated that the Authority currently has a Request for Proposals ("RFP") issued for the purchase and rehabilitation of 1221-25 N. 4th Street. The building is the former Engine 29 firehouse built in 1894, and includes a rear parking lot. The property is owned by the City of Philadelphia Department of Public Property ("DPP"). The brick and brownstone structure is approximately 14,400 square feet and is listed on the Philadelphia Register of Historic Places. Proposals will be accepted until September 21st.

Ms. Fadullon acknowledged Mr. David LaFontaine from Community Ventures. Mr. LaFontaine invited the Board members to Centennial Village ribbon cutting ceremony that is taking place on Thursday, August 23, 2018.

Mr. LaFontaine asked the Board to waive the $7,570 administrative fee. Mr. LaFontaine further stated that, due to cost overruns, Community Ventures had to put a majority of their developer's fee into the project.

Mr. Bumb stated that even with cost overruns there were some cost savings with respect to converting this property to a sideyard.

Mr. Harmon informed the Board members that the administrative fee policy has been in place since 2017.

Mr. Bumb stated that he understands Mr. LaFontaine's request, but stated that all developers face unforeseen issues at some point during a project and that he is wary of setting a negative precedent for the Authority by waiving the fee.

Mr. Lawrence presented "Item III (i) – Certificate of Completion for Brickstone Group, LLC" in substance consistent with the attached Fact Sheet hereto.

**Additional Comments and Discussion**

Mr. Heller stated that the developer, Brickstone Group, LLC, did not meet the EOP goals, with just 3.5% of the total contract amount let to a certified minority firm. The developer provided information on contracts that were let to non-certified minority-owned firms as well in the information provided to PRA. Mr. Heller added that an EOP was not originally required for this project, and was triggered when the developer changed the scope of the project.

Mr. Dubow responded that is an extremely low number.

Ms. Fadullon asked if there was any WBE attainment. Mr. Lawrence replied no.

Ms. Fadullon asked if any additional documentation can show that other M/W/DBE firms were solicited. Mr. Heller stated that the developer is not present and that staff only has the information what was provided by the developer based on conversations with Mr. Lawrence and Mr. Padilla.

Mr. Bumb explained that if this occurred on a City of Philadelphia project, the entity could potentially be precluded from future work or flagged for poor performance.

Mr. Cuorato asked whether this developer could be flagged from future projects. Mr. Heller stated that he, along with Mr. Padilla, would speak with the developer and discuss the issues.

**Board Action**

Ms. Fadullon called for a motion on the resolution. Upon motion made and duly seconded, the resolution was approved as follows:

Additional Comments and Discussion

Mr. Nekoranik distributed a substitution for "Exhibit A" and project fact sheet. Mr. Nekoranik stated that there are now only twelve (12) properties being transferred as PHA has removed several parcels.

Ms. Fadullon recognized Mr. LaFontaine. Mr. LaFontaine stated that the PHA property located at 2161 N. 15th street is being demolished and the other seven (7) PHA properties are not being transferred. Mr. Nekoranik confirmed that, regardless of the change in properties, the loan amount will not change as it is a pre-development loan.

Mr. LaFontaine stated that soft costs will include: architectural design including structural engineering, civil engineering, existing site survey and environmental assessment. Mr. LaFontaine further stated that additional costs would include a market study, appraisals, zoning, building permits, insurance and the demolition of 2161 N. 15th street.

REAL ESTATE

Mr. Padilla presented "Item V – Conveyance of Properties" in substance consistent with the attached Fact Sheet hereto.

Ms. Fadullon stated that the properties on the 1600 block of N. Bodine Street are being tabled because the addresses will be changing within the next couple of weeks and would require re-approval at that time.

Board Action

Ms. Fadullon called for a motion on the amended resolution. Upon motion made and duly seconded, the amended resolution was approved as follows:

Centennial submitted a proposal to develop the Properties as fifty-two (52) units of affordable housing and up to 8,000 sq. ft. of commercial space. Today, Centennial has requested an Amendment to the Redevelopment Agreement to change the usage of 1724 N. Creighton Street to a side yard and maintained green space for the use of 1722 N. Creighton Street, of which Centennial previously completed a gut rehab. Nature of Transaction: Developer purchased the property located at 129 E. Allen Street on September 14, 2017, and built a single-family home onto the property according to his survey and deed. It was later discovered that the deed was incorrect and that Developer's construction and greenspace extended onto the PRA owned lot known as 128 Melvale Street (the "Property"), which sits directly behind 129 E. Allen Street. Developer has filed suit against the title insurance company as to the erroneous legal description and has secured City Council support to purchase the Property.

NATURE OF TRANSACTION: The Board is asked to authorize a Resolution authorizing the issuance of a Certificate of Completion for 2068 E. Boston Street (the "Property"), a vacant structure, located in the New Kensington neighborhood of the City. The Authority conveyed the Property to the Redeveloper on August 21, 2014.

BACKGROUND: On April 21, 2014, the Authority entered into a Redevelopment Agreement (the "Agreement") with Redeveloper for the development of the Property into one (1) single family unit. Pursuant to the Agreement, the original plans did not necessitate an Economic Opportunity Plan (the "EOP") requirement. After settlement, the Redeveloper pursued and obtained City Council approval to build a multi-family development on the Property. Council approved the revised project and the developer completed necessary steps to secure zoning and building permit approvals.

By way of Resolution No. 2017-06, adopted on January 11, 2017, the Board approved revised plans in addition an EOP as required by the increase in total development costs. This approved EOP include goal ranges were set at MBE – 18% and WBE – 7%. Upon certifying completion, the Authority discovered that the City's Compliance Unit was not notified of this project's construction commencement and the approved EOP was consequently not monitored. Without a monitored EOP, the Authority is unable to obtain the required signoff from the City for EOP compliance.

The Redeveloper has since then forwarded supporting documentation from its general contractor to confirm their actual performance in comparison the best faith efforts approved in this project's EOP. Based on their submission, the Authority believes that the project has been completed in substantial conformity with the Agreement and there is no known default that would preclude the Authority from complying with its contractual obligation to issue a Certificate of Completion.
