Mr. Romano responded that the redeveloper believes that he can obtain these goals and that these goals were discussed with the City's Office of Economic Opportunity before the Economic Opportunity Plan was executed.
Ms. Fadullon asked what the City standards are for wage compliance. Mr. Heller replied that developers meet with DHCD Compliance staff to discuss the opportunities for contracting with certified MBE/WBE/DSBE contractors for each project in order to determine appropriate goals. Mr. Heller stated that each project may have distinct goals based on the opportunities offered through the particular project, but that the City's aggregate goal for all contracts is 35% MBE/WBE/DSBE involvement.

1. The Authority will provide a construction/permanent loan in the amount not to exceed Three Hundred Twenty Thousand and Fifty-Six Dollars ($320,056) (the "Authority Loan") to the Partnership for a twenty (20) year term at zero percent (0%) interest. REAL ESTATE

Ms. Dent presented "Item V – Conveyance of Property" in substance consistent with the attached Fact Sheet hereto.

Additional Comments and Discussion

Ms. Fadullon stated usually a property is sold either at a discounted price or fair market value; however, if the property is being disposed at a discounted price usually there is a mortgage or deed restriction.

Mr. Harmon stated that there really isn't a discounted price being given for this property. The original appraisal was in the amount of Sixty-Seven Thousand Dollars ($67,000). Mr. Harmon responded that the fair market value was based on the disposition policy in 2017.

Mr. Harmon informed the Board that there was a delay on the Authority's end in closing this transaction and, although a new appraisal was obtained showing a value of Eighty Thousand Dollars ($80,000), the original appraised value of Sixty-Seven Thousand Dollars ($67,000) was being honored because the delay was on the Authority's end, not the Redeveloper's end.

Mr. Rodriguez stated that the Development Fact Sheet would be revised to better explain that this was not actually a discounted price, but that the Authority was honoring the original appraisal price for a fair market value transaction.

Ms. Fadullon recognized Mr. Ali and invited me to speak. Mr. Ali informed the Board that The Gesu School, Inc. ("Gesu School") is a great school in that community. Mr. Ali asked if there was a way that Gesu School could pay nominal consideration because of the public benefit. Ms. Dent responded that Gesu School did not want deed restrictions (which would be required for a nominal disposition), and this is why Gesu School decided to pay fair market value.

Ms. Fadullon stated that for the record the minutes will reflect the discussion with regards to the price of the disposition. Ms. Fadullon stated that the Development Fact Sheet will be corrected accordingly.

Board Action

Ms. Fadullon called for a motion on the resolution. Upon motion made and duly seconded, the resolution was approved as follows:

FURTHER RESOLVING, that the Executive Director, with the advice of General Counsel, may allow modifications to the Resolution and Construction Contract necessary or desirable to carry out its purposes and intents.

Voting for the foregoing resolution: Ms. Fadullon, Ms. Duque-Buckley, Mr. Bumb and Mr. Dubow.

Ms. Pinson-Reviere presented "Item VI(b) – Certificate of Completion for Westview Development Partners, LLC" in substance consistent with the attached Fact Sheet hereto.

Additional Comments and Discussion

Ms. Pinson-Reviere informed the members of the Board that Mr. Jonas and Mr. Young were present at today's meeting if the Board have any questions. Ms. Fadullon recognized Mr. Jonas and invited him to speak. Mr. Jonas stated that they made a good faith effort for meeting their MBE/WBE/DSBE goals by soliciting certified firms but did not follow-up with subsequent solicitations to those firms.

Mr. Jonas stated that there are additional phases of this project being built on privately owned land, and that his firm would make every effort to meet or exceed their MBE/WBE/DSBE goals on the subsequent phases.

Ms. Pinson-Reviere stated that another PRA project is pending with Westview Development Partners at 3405 Wallace Street; however, this has not gone to settlement yet.

Ms. Fadullon asked the Board to consider what recourse the Authority could take to penalize the redeveloper for non-compliance with their EOP by not meeting the EOP goals and not carrying out a satisfactory best and good-faith effort. Mr. Bumb made a suggestion to the Chair and fellow Board members that the redeveloper should forfeit their deposit that is being held by the Authority. Mr. Dubow made a suggestion to flag the redeveloper on future applications.

Ms. Fadullon recognized Mr. Ali and invited him to speak. Mr. Ali stated that he is surprised that Westview did not meet their EOP goals. Mr. Ali further stated that Westview is a good builder and in this project has a minority partner.

Mr. Bumb asked the Chair to approve this Certificate of Completion subject to withholding the redeveloper's deposit because of their non-compliance with their EOP in not carrying out a satisfactory best and good-faith effort.
Mr. Harmon clarified for the record that any proposed penalty requested by the Board today is limited to the facts and circumstances of this specific project. Authority staff will need to discuss how to ensure that best-faith efforts are being made and can be shown and what the potential avenues of liability are if it is shown that a redeveloper has not made best-faith efforts to ensure MBE/WBE/DSBE participation.

Ms. Fadullon called for a motion on the resolution. Upon motion made and duly seconded, the resolution was approved as follows:

NATURE OF TRANSACTION: The Board is asked to authorize a Resolution authorizing the issuance of a Partial Certificate of Completion releasing certain covenants and restrictions for 732 S. 21st Street (the "Property").

BACKGROUND: Pursuant to a Redevelopment Agreement dated April 28, 1978 ("Agreement"), the Redevelopment Authority conveyed one hundred twenty-two (122) properties to the Redeveloper. The property was then conveyed to William Hamann in 1996. In this case, there was a development obligation to rehab the property at 732 S. 21st Street. Based on images of the property it shows that in 1996 this property was vacant land up until 2019 when it was developed into two (2) condominium units. PHDC does not have any records to confirm the development obligation that was placed on Mr. Hamann.

Owner has requested a release of certain covenants and restrictions in the Agreement and deed relating to the rehabilitation, occupancy and conveyance of the Property. The permanent restrictions relating to non-discrimination and devoting the land for residential and related uses will not be removed.

Because this parcel has been developed into residential use, the Redevelopment Authority recommends the issuance of a release of certain covenants and restrictions.

BACKGROUND:

On April 13, 2018, the Philadelphia Redevelopment Authority (the "Authority"), as agent for the City of Philadelphia (the "City"), solicited proposals from qualified firms to provide furniture, fixtures and equipment ("FF&E") services for the property located at 400 North Broad Street, including 1501 Callowhill Street (collectively, the "Property"), which is currently being developed by 400 North Broad Partners, L.P., and will be delivered as a turnkey project for the City Police Department and other City agencies to occupy.

Pursuant to Resolution No. 2018-52, adopted on July 11, 2018, the Authority Board approved a Contract for Professional Services ("Services Contract") between the Authority, as agent for the City, and IEI Group, Ltd. ("IEI"), to provide services related to the design, coordination, selection, specification, procurement and installation of FF&E at the Property. The Services Contract was executed on September 11, 2018. The total compensation payable to IEI under the Services Contract was Nine Hundred Eighty-Nine Thousand Four Hundred Sixty-Nine Dollars ($989,469). IEI has since provided an FF&E package to the City which has been approved.

Pursuant to Resolution No. 2019-49, adopted on July 10, 2019, the Authority Board approved an amendment to the Services Contract ("First Amendment") that provided for payment of all costs related to additional FF&E (including, but not limited to, wall and corner guards, signage, metal lockers, lab equipment, fume hoods and biosafety cabinets, morgue equipment, roller shades, controlled environment rooms and lab casework) (collectively, the "Additional FF&E") totaling Four Million Six Hundred Sixty-Five Thousand Seven Hundred Thirty Dollars ($4,665,730). As a condition of purchasing, acquiring and installing the Additional FF&E, IEI will receive additional compensation in the amount not to exceed Two Hundred Thirty-Nine Thousand Eight Hundred Eighty-Nine Dollars ($239,889).

Pursuant to Resolution No. 2019-69, adopted on October 16, 2019, the Authority Board approved an amendment to the Service Contract that provided for relocation coordination management services ("Relocation Services") needed for the relocation of approximately one thousand five hundred (1,500) employees, from nine (9) buildings, into the Property. As payment for providing the Relocation Services, IEI will receive additional compensation in the amount not to exceed Four Hundred Eighty-Two Thousand Seven Hundred Seventy-Seven Dollars ($482,777).
NATURE OF AMENDMENT:
The City has now determined that architectural/engineering design services ("Design Services") are needed for the relocation of the City’s Office of Emergency Management ("OEM") from 240 Spring Garden Street to the Property. The City solicited and has approved IEI to perform the Design Services. IEI will receive additional compensation in the amount not to exceed Seven Hundred Sixty-Five Thousand Eighty-Seven Dollars ($765,087).

Because the First Amendment has not yet been finalized and executed, the Board is requested to authorize an amendment to (i) Resolution No. 2019-69, adopted on October 16, 2019, (ii) Resolution No. 2019-49, adopted on July 10, 2019, and (iii) Resolution No. 2018-52, adopted on July 11, 2018, to add the Design Services and include the costs related thereto. The modifications under Resolution No. 2019-49, Resolution No. 2019-69 and the current proposed resolution will all be incorporated into the First Amendment.

BACKGROUND/FINANCING:
The project is being funded with City Capital funds as outlined in the executed Subgrant Agreement between the PRA, the City and the Philadelphia Authority for Industrial Development ("PAID"). The Agreement allows for funds to be transferred to the Authority for various capital improvement projects.

- December 21, 2018 – Second Amendment – Doc ID No. 53457349

DEVELOPMENT BACKGROUND AND REQUEST:

The housing units on the Properties were ultimately developed and a parking lot was constructed. Developer received its Certificates of Occupancy for the Properties from City of Philadelphia's Department of Licenses & Inspections.

Notwithstanding the above, Developer has failed to meet its Economic Opportunity Plan ("EOP") goals and the Redevelopment Authority believes the Developer failed to take make a best faith effort to achieve the EOP goals. As construction is now complete, however, there is no opportunity to correct the situation and make efforts to meet the EOP goals.

The Board is being asked to consider the issuance of a Certificate of Completion with conditional remedial action terms or penalties to be required, as determined by the Board.
