Senator
Commonwealth of Pennsylvania
Main Capitol Complex
Harrisburg, Pennsylvania 17102

Dear Senator,

This is an “Open Letter”, respectfully prepared and submitted with sincere good faith and resolve.

We do this as sovereign Citizens of Pennsylvania and of the United States of America pursuant to our constitutionally secured, protected and guaranteed Rights of “Freedom of Speech and Press” and of “Petition for Redress of Grievances”. [Article I, Sections 7, 20, and 25 in the Constitution of the Commonwealth of Pennsylvania and the First Amendment in the “Bill of Rights” of the Constitution for the United States of America, respectively]

Attached is a copy of the six-page “Open Letter” to Governor Thomas Wolf, with a copy of his November 17, 2015 Letter to the “Members” attached, which we hand-delivered to his office in the Main Capitol Building today. We hand-delivered a copy of this “Open Letter” to Lt. Governor Mike Stack’s Main Capitol Building Office immediately after serving the original “Open Letter” .

We sincerely pray that Governor Wolf shall now revisit the positions stated in his November 17th Letter, correct his errors and fully implement the “Required Remedies” called for in our “Open Letter”.

We call upon you to help pass a veto-proof “Bill” which prohibits any State and County public funds what-so-ever being used directly or indirectly on, or in support of, the current “federal refugee resettlement process”/programs. This “Bill” needs to contain serious penalties for those violating it.

We stand ready to further assist you and all others in our government to accomplish these lawful, very important actions required in accordance with your/their constitutional “oath of office” defined duties.
