Dear Parents and Community Members:

I hope this message finds you and your families safe and well. Today, Illinois Gov. JB Pritzker announced that remote learning in Illinois will be extended through the end of the 2019-20 school year.

Although in-person learning has been suspended for the remainder of the year, at Lowpoint-Washburn CUSD #21, I assure you our entire staff remains committed to learning and engaging with all students through remote learning, as well as continuing with our food distribution program.

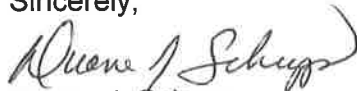

Like you, we are saddened by the reality that our school community will not be able to reconvene in person this school year due to this public health crisis. So many of you have worked so hard to learn and grow in both the classroom and in extracurricular activities that today's announcement may feel like a step back.

However, the final chapter of this school year hasn't been written yet. These past few weeks have proven our school community is more resilient, more capable and more compassionate than maybe what we previously realized. I'm confident our collective strength will shine through during the remainder of the school year, and we will emerge even stronger.

Having said that, today's announcement will result in many scheduling changes in our district. As this announcement about the end of the school year was just made by Governor Pritzker this afternoon, it will take us some time to sort out the scheduling and details of how we can offer our seniors some form of a graduation. Please be patient as we work as a district to get information to you in the next few weeks.

I know this is not the school year that any of us imagined, but we want to thank you for your patience and understanding in dealing with this situation together. This period of Remote Learning offers us new ways to learn and grow as a district and community. As always, we will begin to plan for the return to in-person learning for the upcoming school year. It is important that we continue to work together and support our students. We can't thank you enough for all that you are doing as we all work through this unique situation.

Sincerely,

Duane J. Schupp
